King County
METRO
Moving forward together

Critical Operational Phone Numbers

All phone numbers use area code prefix 206 unless otherwise noted.
Do not distribute these numbers to the public.

Transit Control Center	Emergency/In-Service Matters	684-1111
	Business Matters	684-1705
Emergency Service Hotline	Call during extreme/extended snow/ice conditions to determine status of Metro Emergency Service Network.	477-9878
Ryerson Base	Fire Response Alternate Address: 1221 5th Ave S	—
Stuck/disabled coach: snow/ice	Call this number only during adverse weather.	205-8199
Report illness or injury after hours	To report an operator illness or injury during working hours when their base is closed.	684-1111
Day Off Book	To request a day off, used to reserve 30 days in advance only.	801-938-8550
Metro offices	Payroll	contact chief
	Benefits & Retirement	684-1556
	Employee Assistance Program	263-873
	Equal Employment questions/issues	477-3290
	Safety	477-6878
	Metro Transit Police	477-0250
	Critical Incident Support Team	718-9734
	Making Life Easier	888-874-7290
Comfort Station Coordinators	Ruthann Dunn	477-0347
	Andre Hampton	848-0208

Customer Assistance Numbers

Provide these numbers to your customers for further information.

Customer service requests: Information, lost & found, ORCA/fares, comments, bus service and more.	General phone number	553-3000
	Toll-free number	800-542-7876
	Hearing-impaired number	711
Carpool/Vanpool	King county rideshare office	477-9878
	Teletypewriter (TYY) number	684-1855
ORCA	Customer service request number	888-988-6722

Resources for Operators

Critical Incident Stress Management (CISM)

A peer-to-peer support group of Metro employees who will respond to employees or worksites after an incident. Call and leave a message at 206-718-9734 and a CISM team member will get back to you.

The Employee Assistance Program (EAP)

EAP

EAP is a free resource that provides King County employees with counseling and coaching around work-related stress and concerns. Contact EAP to make an appointment at 206-263-8733 or email HRDEAP@kingcounty.gov.

Making Life Easier (MLE)

MLE

MLE offers a referral to a therapist and coverage for eight free sessions per year. It is available to all King County emplyees and everyone who shares their address, including family and roommates. Access MLE at kcmakinglifeeasier.com and login with username: King County or call 1-888-874-7290.

Balanced You

Balanced You

Balanced You allows you to access comprehensive health care coverage including mental health coverage. Visit kcmetrobus.info/MentalHealth for more information.

Uniform and Shoe Vendors

Uniform clothing may be purchased with an authorized uniform voucher at:

Don's Group Attire
5216 First Avenue S, Seattle WA 98108
Monday-Friday 9am - 5pm
1st & 3rd Saturday of each month: 10am - 2pm
(Except during holidays; call to confirm hours.) 206-767-0366

Uniform shoes may be purchased with an authorized uniform voucher at Red Wing Shoes:

Tukwila: (253) 372-2001

Rules of the Transit Operator Made Simple

Safety

- Obey traffic laws at all times.
- Read the road ahead.
- Expect the unexpected.
- Maintain correct following distance at all speeds.
- In turns: go deep, slow down to 3-5 mph, and square off most turns. Rock and roll to see around the pillar and other blind spots.
- Go slow enough so you can stop for an unexpected pedestrian.
- Brake and accelerate smoothly at all times.
- Be aware of traffic signals, school zones, and pedestrians.
- Do not allow customers to exit the coach in an intersection or a traffic lane if the coach's right side is not fully protected.
- Report accidents and injuries ASAP to the coordinator and fill out an accident report at the base before you leave.
- Document on-job injuries and know your responsibilities if you are injured.
- Keep your CDL and medical certification up-to-date and with you.
- Stay in your seat. Your radio is there to help you.
- Do not cover or disable security cameras.

Service

- Greet all boarding customers verbally and make eye contact. Set a positive tone.
- Answer questions. If you don't know, refer customers to 206-553-3000.
- State the fare only once and only if you feel it is safe to do so.
- Say goodbye to customers leaving the bus, create a positive relationship.
- Accommodate customers who do not have money to pay. Offer them a transfer if needed.
- Do not refuse service unless the customer is an immediate hazard to yourself or others.
- Do not touch, hit or push passengers.
- De-escalate conflicts; disengage from disagreements. Learn to "let it go".
- You are a peacekeeper, call for assistance when needed.
- Keep customers informed of any delays, reroutes or unexpected changes.
- Document security incidents.

Schedule

- Call in as soon as you know you will not be on time.
- Wear the appropriate uniform (look sharp!).
- Read the Operations Bulletins, Operations Policy Bulletins, Base Bulletins and Reroute board daily.
- Do your pre-trip inspection.
- Sign in, log on and leave the base on time with the correct coach.
- If you'll be late leaving, call the Transit Control Center (TCC) before your leave time.
- Do not arrive early to time points unless specified on your run card.
- Report any schedule that needs improvement on an Operator Service Facilities Report (OSFR).
- Do not hurry when late, drive safely.
- Check your coach at each layover and before returning to the base.
- Report suspicious persons or packages.

Good Judgment

- Prepare your bus for safe operation to please your customers and yourself.
- When using the radio, identify your route/run, location, direction, and tell them what you need. Be sure to answer all questions in a concise and professional manner. Review unusual events with your chief.
- File and get paid for paperwork as needed: For coach repair, poor schedules or any changes that could be made to increase safety and enhance service in the system.
- Have a shop steward assist you with paperwork; tell the truth in person and on forms.
- Cooperate with dispatchers, coordinators, service supervisors, chiefs, and any emergency responders. Follow direction given as long as it is safe to do so.

For in-depth rules and procedures refer to *The Manual*, Transit Operator's Rules and Procedures.

Safe Place is a program that helps get youths (12-17 years old) off the street.

If a youth boards your bus asking for help, ask them “are you looking for a place to sleep tonight?” If they answer yes, please call the coordinator. The coordinator will ask you to get the youth’s name and age, and will then give you directions on how to proceed. Reassure the youth that help is on the way. Youths boarding a coach to find a safe place do not need to pay a fare. Please fill out an incident report.

Comfort Station Information

Comfort station alerts contain additional information and can be found posted at the bases. These posts include items such as access codes, hours for individual buildings at the University of Washington, and walking directions to locate comfort stations. A web map of comfort stations is available at MetroOperations.com. For questions or issues with comfort stations, contact the Comfort Station Coordinators, Ruthann Dunn and Andre Hampton at Station.Comfort@kingcounty.gov or 206-477-9959.

Changes to this Edition of the Route Book

Welcome to the Spring 2026 edition of the Route Book. This edition contains updates to the 1-Line Shuttle to include new Federal Way Downtown, Star Lake, and Kent Des Moines Stations, the Temporary FIFA Men's World Cup shuttle, and new associated maps for the new light rail stations. Please see the 'What's New' section for further details. The blank pages are a series of games and trivia marked by "Road Relief" headers. Answers can be found on pages 331 and 367. Thank you to Sam Smith and Lucas Smith for the transit trivia content!

It takes a village to maintain and keep the Route Book up to date. The current edition of the maps and turn-by-turn directions have significantly improved thanks to the diligent work of our operators, supervisors, and other Metro staff, who reported minor errors such as outdated route connections, small typos, and other discrepancies.

Find any issues, errors, or have a suggestion for the Route Book? Please submit the request to your Bus Operations Communications Team using the QR below or send us an email, boct@kingcounty.gov explaining the issue in detail. Thank you for your help keeping this book as accurate as possible.

Dani Sizemore

Letter from the Director of Bus Operations

Thank you for everything you do each day to keep our riders moving and our system running. Your hard work, professionalism, and dedication have made a real difference this year, and we want to recognize what we've accomplished together.

Because of your efforts:

- We delivered 65,000 more hours of service while reducing cancellations caused by operator shortages.
- We welcomed more than 350 new operators, helping strengthen our team.
- We are close to meeting our staffing goals for first-line supervisors.
- We took part in the Regional Safety Task Force and developed the Operator Incident Response recommendations. We will continue to find ways to improve safety and support for everyone on the front lines.
- We continued building a strong partnership with the Mentors Moving Metro program, supporting new operators and strengthening our culture of learning and support.

These achievements are possible because of your commitment to showing up, supporting each other, and serving our community every day.

Looking ahead, we have important work on the horizon. We'll be preparing to support FIFA World Cup events, continuing to help riders through Revive I-5 construction, and getting ready for more Link light rail openings. Your experience, dedication and leadership will be essential as we take on these exciting challenges.

Thank you again for all you do. I'm proud of what we've achieved together and look forward to what's ahead.

Phil DeVault

Director, Bus Operations – King County Metro Transit

Letter from the Service Planning Supervisor

The Spring 2026 Service Change will bring significant service investments to improve on-time performance, improve connections to new light rail stations in east, central, and south King County, and begin operation of zero emission service out of Metro's new Tukwila Base. These changes will not only improve service for customers as light rail expands to more parts of the county, they mark an exciting milestone in Metro's transition to a fully zero-emission system that has service reliability as a core priority.

While implementing major system changes to integrate with Link station openings may feel familiar after the past several years, delivering reliable service in the face of major events and construction is a major emphasis for this service change, including:

- Reliability investments that are the largest of their kind that Metro has made in many years. Schedule and runtime adjustments were made on 27 routes in nearly every part of the county.
- Runtime adjustments on 15 routes to help reduce the potential impact congestion from the ongoing Revive I-5 construction project.
- Plans for increased special and short-term seasonal service to meet the demand of the many thousands of visitors our region will host as part of this summer's FIFA men's World Cup event.

Similar to recent service changes, the total increase in service for spring 2026 was limited to what could be reliably delivered based on projected staffing levels.

More changes are ahead for the Fall 2026 Service Change. Metro will continue to make changes to bus routes in east King County to integrate with the newly complete 2 Line operating between Seattle and the Eastside, make more service improvements in south King County associated with the Federal Way Link Extension, and launch route changes in north Seattle coordinated with the planned opening of the new Pinehurst Link station. These improvements will include both routing and schedule changes, and significant service increases on many routes throughout the county.

Letter from the Service Planning Supervisor

As always, the most critical element to make this year a success are the operators and teams at bases, maintenance facilities, and in the field that make service work for customers every day. Thank you all for your work to create a welcoming, safe, clean, and reliable transit experience for the public and your fellow Metro employees.

Graydon Newman
Service Planning Supervisor
206-477-5856
Graydon.newman@kingcounty.gov

Jeremy Fichter — South King County Planning Lead
206-477-5848

Brian Henry — East King County Planning Lead
206-263-3369

Yingying Huang Fernandes — North King County Planning Lead

What's New

New Base

Tukwila Base will open for operations.

New Routes

570	New Route 570 Downtown to Seatac airport.
605	Temporary FIFA game-day shuttle in downtown Seattle between Lumen Field and the Seattle Center.

Major Route Changes

No major route changes for March 2026.

Minor Route Changes

2	Additional variant between 34 Ave and Madrona.
3	Additional variant when Route 3 continues to/from a Route 13.
8	Route revised to serve the new Judkins Park Station.
21	Layover at Westwood Village will move from Barton St to Trenton St.
75	Routing revised to use Pinehurst Way. (Already a reroute.)
128	Revised layover in the Admiral District.
150	Revised routing in Kent.
156	Route extended from Highline College to the new Kent-Des Moines Station.
161	Revised layover at Kent Station.
162	Revised routing in Kent.
183	Revised routing in Kent and altered routing to serve the new Star Lake Station.
225	Route altered to terminate at Overlake P&R instead of Redmond Tech Station.
250	Remove variant routing. All trips will now serve Avondale and Bear Creek P&R.
673	Layover at Westwood Village will move from Barton St to 25 Av SW.

Route Movement

2	Route 2 will move from Central Base to Atlantic Base.
13	Route 13 will move from Central Base to Atlantic Base.
40	Route 40 will move from North Base to Central Base.
49	Route 49 will move from Central Base to Atlantic Base.

Route Movement Continued

105	Route 105 will move from South Base to the new Tukwila Base on weekdays only.
128	Route 128 will move from South Base to the new Tukwila Base on weekdays only.
184	Route 184 will move from South Base to the new Tukwila Base on weekdays only.
570	New Route 570 will operate out of East Base.
605	New Route 605 will operate out of Atlantic, Central, and Ryerson Bases.

Route Qualification Table

570	Route 570 is a new route and requires qualification.
605	Route 605 is a new route and requires qualification.

Subcontracted Minor Route Changes

224	Routing in Redmond Ridge altered.
930	New DART area will cover the Kingsgate neighborhood.

Routes with Runtime Adjustments

- 1, 2, 4, 5, 7, 8, 12, 13, 14, 31, 32, 36, 40, 43, 49, 60, 61, 62, 67, 70, 106, 107, 124, 128, 161, 168, 212, 218, 250, 255, 256, 303, 322, 671, 672, 674, 675

Suspended Routes

- 15, 18, 19, 29, 37, 55, 116, 121, 122, 123, 143, 154, 157, 178, 179, 190, 197, 541, 544, 555, 634, 637, 640, 661.

As routes are restored, they will return to future editions of the Route Book. Please reference the March 2023 edition of the Route Book for maps and turn-by-turn directions for these routes.

Safety

Safe arrival is always more important than operating on scheduled time. It is the operator's responsibility to drive in a manner that anticipates accident producing situations, and take reasonable and prudent actions to avoid a collision or an incident. Operators are responsible for the riding safety of their customers during the entire ride. This includes boarding and alighting.

Under Ideal Conditions

Maintain a minimum of three feet between coach and stationary objects or other vehicles and position your coach slightly left in your lane. Check clearance in the right mirror when passing. When in doubt, leave more of a cushion on your right side. Increase your clearance when passing bicyclists. When entering and leaving zones, scan the area before entering. Be aware of poles, trees, and the zone flag and how close they are to your path of travel.

Avoiding Pedestrian Accidents

Pedestrian awareness is a mandatory part of operating a transit coach. Exercise an abundance of caution, especially when making turns and in darkness or twilight hours. Scan the complete intersection and make a mental note of where the pedestrians are, check each corner for pedestrian activity and square your turns. Check each mirror before, during and after each turn. Keep your speed at 3-5 mph and rock and roll in your seat before and during each turn. Doing all of this slows you down and reduces the potential for a pedestrian to be hidden in a blind spot. Stop at least three feet back from the stop bar. This gives you a better view of the corners of the intersection and allows the pedestrians to safely walk in the crosswalk in front of you. Wait two seconds after the light turns green or the vehicle in front of you moves. Remembering pedestrians are often distracted and may not even know you are there is very important. Watch out for them.

Awareness Areas

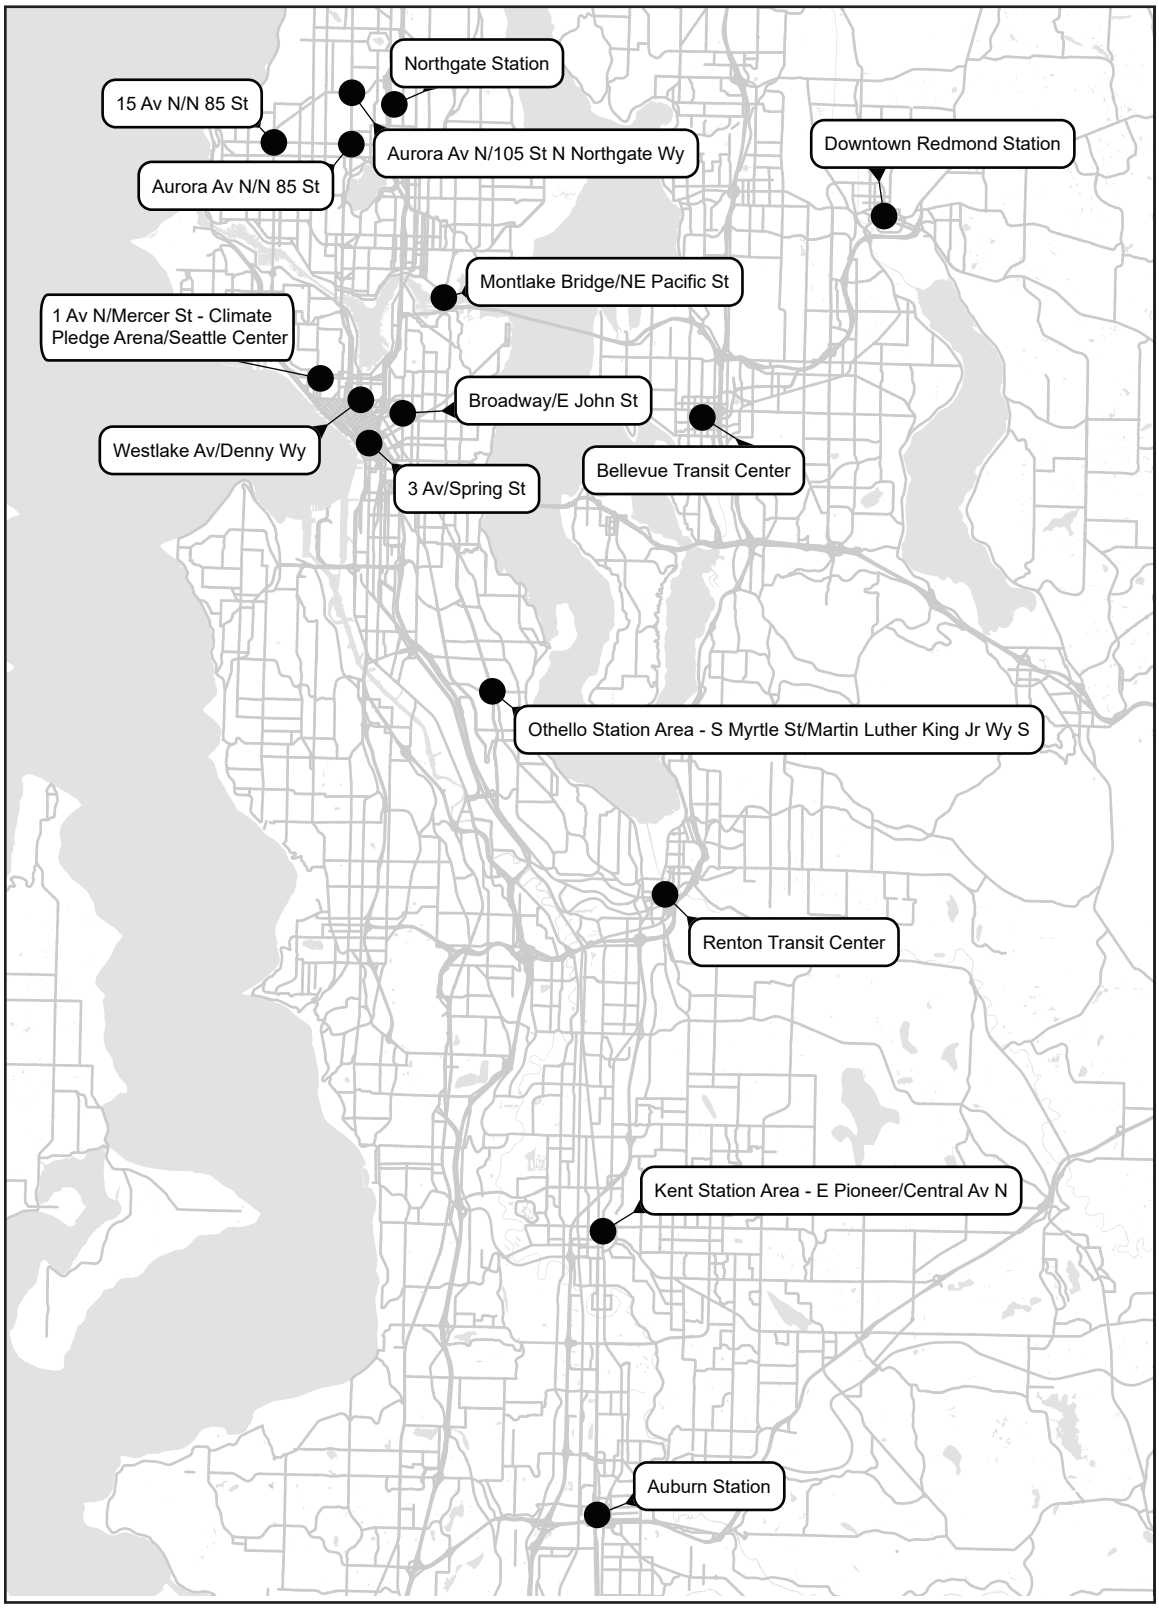

A map of awareness areas, locations of frequent transit accidents from an analysis of accidents reported in SSaM from 2025, is on the following page.

Pothole Reporting

To report potholes for Seattle, visit:
http://www.seattle.gov/transportation/potholereport.htm

Unincorporated King County, call 206-296-8100. For other jurisdictions contact the associated city management.

Safety & Awareness Areas

Base Routes

This section lists the routes to be followed between various layovers and bases. Guidelines for use:

1. This section is arranged in alphabetical order by base (Bellevue and East are collectively listed as “East Campus”) with the “From Base” routing followed by the “To Base” routing.
2. The first page of each base contains a list of common routes that are printed in bold type. Each common route has a title, e.g., “Via S/B I-5,” which is referred to in the detailed base routes.
3. The base route headers are described by “on-street” first followed by “cross-street” second. For example, 6 Av S/S Atlantic St would indicate the coach was on 6 Av S and the nearest cross street was S Atlantic St.
4. The base routes are listed in numerical then alphabetical order.

Example of usage: If you are scheduled to pull out of South Base and deadhead to Alaska Junction Bay 6 for the first timepoint on your run card, you should turn to the “From South Base” portion and look at the “Alaska Junction Bay 6” base route. The second line, “Via N/B I-5” in bold type is a common route (listed at the front of the section, under “From South Base”) that takes you to N/B I-5. Follow the common route to N/B I-5, then follow the detailed route to Alaska Junction Bay 6.

TRANSIT TRIVIA - GENERAL

1. Name the four incorporated cities that are partially within King County and partially within another county.

2. What King County city was originally incorporated in 1891 as Slaughter, WA, was renamed after a town Cayuga County, NY?

3. In September 2025, Metro Flex launched its tenth service area, connecting communities in northeast Bellevue and southeast Redmond to a 2 Line station. What is the name of this Metro Flex service area or the station it connects to?

4. With the Federal Way Link Extension, the 1 Line is now 41 miles long, making it the second longest light rail line in the US. Which transit agency operates a 58 mile light rail line, the longest in the country – and in the world?

5. Three new Link stations began service in December 2025. What is the name of the middle of those three new stations?

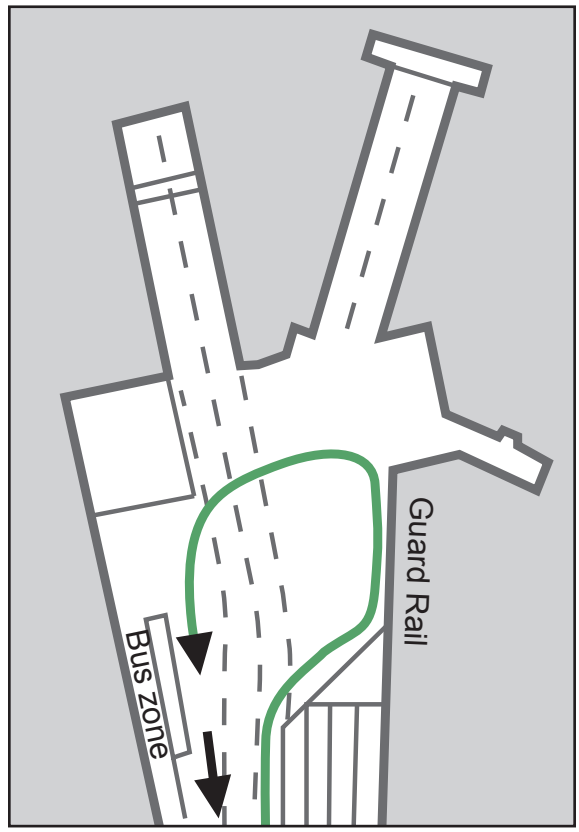

6. Not counting swimming or boating, how many permanent crossings of the Lake Washington Ship Canal are there, across all modes?

7. Name the seven North American cities with active trolleybus service.

Answers on page 331

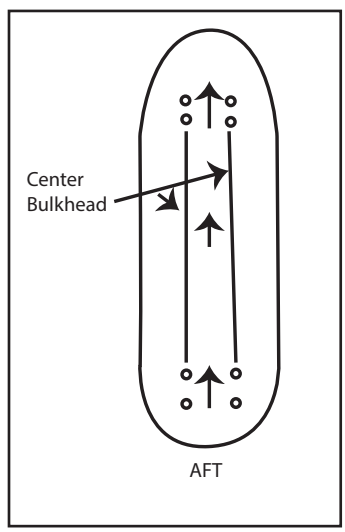

Vashon Ferry Terminal

- Under no circumstances should coaches scheduled to turn around on the dock let customers off the coach before completing the turn.
- If the ferry is already loading, coaches due to turn around on the dock must wait for all traffic to clear on their right side before making the turn, or wait for directions by the dock workers.
- Coaches scheduled to turn around on the dock, if the turn cannot be made without backing up, please wait for all ferry off loading traffic to clear before backing up to complete turn. If this situation should arise, customers may be off loaded in zone for customers with disabilities before backing up.
- Coaches scheduled to board ferry must pull along the right guard rail ahead of the ferry staging area. This allows coaches which turn around on the dock enough clearance. Do not let any customers off the coach until the coach is positioned along the guard rail (see illustration).

Boarding Vashon Ferry

- 5 mph on and off of ferry.
- Follow loading directions of the state ferry personnel.
- Position coach (park) any place on the vessel except adjacent to the center bulkhead area where the doors of the coach cannot be opened. Coach passengers must be able to exit or enter the coach.
- Make sure both outside mirrors are positioned close to the sides of the coach, and operate with caution.
- When parked on ferry, wait for cars to fill adjacent lane before deboarding passengers - front door only. Use extreme caution when unloading customers.

Special Instructions
Do not leave base with a non-functioning reverse gear. Check before leaving base.

Note:
"Routes 118 & 119 p.m. Operations" has been removed because express service between Vashon Island and Seattle has been suspended.

Note:
Flag stop information can be found with the turn-by-turn instructions for routes 118 and 119.

Flag Stops:
Make flag stops only along portions of the route that do not have posted bus zones at regularly spaced intervals. Flag stops should be made only where it is safe to stop, preferably at the far side of an intersection. Flag stops along state roadways are allowed only if the coach can be completely pulled off the traveled portion of the roadway.

TRANSIT TRIVIA - ROUTES

1. Subtract the number of the only King County Metro route that serves the city of North Bend from the number of the only King County Metro route that serves the city of Black Diamond, and you are left with what number, that is also a state highway route located entirely within the city of Tukwila.

2. King County Metro uses single- and double-digit numbers for bus routes that remain entirely within the Seattle city limits, however there are four such routes that have bus stops outside of the city limits. Name these routes.

3. What is the longest KC Metro route?

4. What is the only KC Metro route operated by South Base that is entirely within the Seattle city limits?

5. What are the only two KC Metro trolley routes that do not serve the CBD?

6. What is the shortest KC Metro route?

7. What is the only RapidRide route that doesn't directly connect to any othert RapidRide route?

8. What KC Metro route has the most outbound bus stops?

The FIFA Men's World Cup, also known as the World Cup, is an international association football competition among the senior men's national teams of the members of the Fédération Internationale de Football Association (FIFA), the sport's global governing body. The tournament has been held every four years since the inaugural tournament in 1930, with the exception of 1942 and 1946 due to the Second World War.

Current champions: Argentina
Most championships: Brazil
Number of countries competing: 32 (48 from 2026 onward)
Related competions: FIFA Women's World Cup

FUN FACTS ABOUT THE WORLD CUP

- **Qatar built the first demountable World Cup stadium.**

  In 2022, Qatar built a 40,000 seat stadium constructed out of shipping containers and modular steel. It was taken apart after the tournament and can be used again elsewhere for the World Cup.

- **A dog named Pickles found the World Cup trophy after it was stolen.**

  Before the 1966 tournament in England, a thief got past security and stole the trophy from Methodist Hall in Westminster. It was later found under a bush by a dog named Pickles.

- **The fastest ever World Cup goal was scored in under 11 seconds.**

  Hakan Sukur scored a goal for Turkey 10.89 seconds into a match against South Korea in 2002.

- **Brazil is the only country to have qualified for every World Cup.**

  That means they've played in 22 World Cups!

- **The 2022 World Cup used a 'Smart Ball'.**

  In 2022, the World Cup introduced a 'smart ball' with a sensor inside so the position of the ball could be tracked at all times. The information was sent to the referees via a smart watch. The technology is instantaneous and very accurate, helping the referees make quick decisions.

- **The first FIFA Women's World Cup was held in 1991 in China.**

  The tournament is held every four years, one year after the men's World Cup. Team USA holds the most titles with four wins (1991, 1999, 2015, 2019).

TRIVIA - FIFA WORLD CUP

1. There are four teams taking part in their first World Cup: Curacao, Cabo Verde, Jordan and which nation?
   a. *Panama*
   b. *Uzbekistan*
   c. *Norway*
   d. *Paraguay*

2. Which nation has finished as winner, runner-up and in third place four times each?
   a. *Brazil*
   b. *Germany*
   c. *Argentina*
   d. *Italy*

3. Which nation is returning to the finals for the first time since 1974?
   a. *Norway*
   b. *Cote d'Ivoire*
   c. *Haiti*
   d. *Scotland*

4. Who is the highest-scoring African in World Cup history with six goals?
   a. *Asamoah Gyan*
   b. *Papa Bouba Diop*
   c. *Youssef En-Nesyri*
   d. *Wahbi Khazri*

5. Scotland have played at eight World Cups but have been eliminated at which stage on each occasion?
   a. *Group stage*
   b. *Last 16*
   c. *Quarter-final*
   d. *Semi-final*

6. True or False? Each of the previous six tournaments have been won by different nations?

7. France are aiming to become just the third nation to reach three successive finals. Who were the last team to achieve that?
   a. *Germany*
   b. *Brazil*
   c. *Uruguay*
   d. *Italy*

8. Mexico will become the first nation to host the World Cup three times. In which years did they previously host?
   a. *1938 and 1990*
   b. *1962 and 1982*
   c. *1970 and 1986*
   d. *1978 and 2002*

9. Which nation went unbeaten from a record 16 qualifiers to reach World Cup 2026?
   a. *Japan*
   b. *Morocco*
   c. *Argentina*
   d. *Korea Republic*

10. Which of the following statements about Kylian Mbappe's World Cup career is true? He is:
   a. *He's France's youngest scorer*
   b. *He's the final's record scorer*
   c. *He top-scored at Qatar 2022*
   d. *All of the above*

11. Which nation has reached a record three World Cup finals without winning the title?
   a. *Hungary*
   b. *Netherlands*
   c. *Portugal*
   d. *Czechia*

WORLD CUP TEAMS VISITING SEATTLE

- **BELGIUM**
  "De Rode Duivels" (The Red Devils)
- **IRAN**
  "Team Melli" (The National Team)
- **EGYPT**
  "The Pharaohs"
- **QATAR**
  "Al Annabi" (The Maroons)

- **AUSTRALIA**
  "The Socceroos" (soccer + kangaroos)

At the time of this Route Book publishing, the sixth country team to visit Seattle is to be determined. The team will emerge as the winner of the "Path A" UEFA (Union of European Football Associations) playoffs in March 2026. Those teams include Italy, Northern Ireland, Wales, and Bosnia & Herzegovinia.

Procedure for Use of SR-520/I-405 Reroute:
If the operator believes traffic warrants the use of the reroute, but the coordinator has not yet ordered it, the operator may place a RTT to get permission from the coordinator. If the coordinator is unable to respond to your call in a timely fashion, the operator may use these reroutes at their discretion, but is required to complete the notification of the coordinator that the reroute was used.

Comfort Station Information

Comfort station alerts contain additional information and can be found posted at base. These posts include items such as access codes, hours for individual buildings at the University of Washington and walking directions to locate comfort stations. A web map of comfort stations is available at MetroOperations.com. For questions or issues with comfort stations, contact the Comfort Station Coordinators, Ruthann Dunn and Andre Hampton at station.comfort@kingcounty.gov or 206-477-9959.

Central Business District

The Central Business District (CBD) is the area bordered by S. Jackson St, I-5, Denny Wy and the waterfront.

Safety Stops

You are required to follow the safety stop instructions described on the individual route pages or on service adjustments. Safety stops may apply to base routes, deadhead routes, or special routes. You must determine if any portion of your route is affected by a safety stop. When no specific location is identified in the Route Book, the safety stop can be made at the first available zone. For all safety stops with a defined location, the safety stop must be made at that location.

At locations where 90 lbs of air pressure is required, make a complete stop. Do not proceed with less than 90 lbs pressure. Call the coordinator.

The safety stops are as follows:

- All transit facilities stop bars and crosswalks: Make a stop at all stop bars, crosswalks and check area; proceed with caution.
- NE 135 St at far side 93 Av NE, (before crest of hill), eastbound on Route 225: test brakes and check air pressure for a minimum of 90 lbs.
- E Galer St at Grandview Pl E on Route 10: Make a stop and check for oncoming traffic; proceed with caution.
- James St at 5 Av, westbound: Test brakes and check air pressure for a minimum of 90 lbs.
- James St at 9 Av, westbound: Test brakes and check air pressure for a minimum of 90 lbs.
- Jefferson St at 9 Av, westbound: Test brakes and check air pressure for a minimum of 90 lbs.
- Madison St at 6 Av, westbound Route 678 (G Line): Test brakes and check air pressure for a minimum of 90 lbs.
- Queen Anne Av N and W Highland Dr, southbound on Routes 2, & 13; test brakes and check air pressure for a minimum of 90 lbs in the zone nearside on W Highland Dr.
- Seneca St at 6 Av, westbound: Test brakes and check air pressure for a minimum 90 lbs.

Slow Orders

You are required to follow the slow order instructions described on the individual route pages or on service adjustments. Slow orders apply to base routes, deadhead routes or special routes, even though only regular service routes are listed below. You must determine if any portion of your route is affected by a slow order and operate according to the reduced speed limit established for that location.

The Slow Orders Are as Follows:

- I-5 express lanes northbound; Coaches exiting at the NE 42 St off-ramp must not exceed 20 mph. Deceleration must begin at or before the crest of the I-5 freeway bridge; the coach must not be exceeding 20 mph when the front of the coach passes the speed limit sign.
- I-5 express lanes southbound; For coaches traveling in the inside HOV lane, speed limit is 40 mph from the Mercer St off-ramp to the approach to the tunnel exiting onto 5 Av at Columbia St.
- 3 Av NE between NE 130 St & NE 135 St; 20 mph or less on Routes 982, 986, 987, 988, 989, 992, and 994.
- 3 Av W between W Smith St & W Fulton St; 20 mph or less on Routes 4 and 13.
- 24 Av S between S Dearborn St & S Norman St; 15 mph or less on Route 4.
- 30 Av W/31 Av W between W Tilden St & W Jameson St; 15 mph or less on Route 24.

- 32 Av NW north of NW 85 St (Golden Gardens Dr NW, View Av NW, Loyal Av NW); 20 mph or less on Route 17X.
- 34 Av at E Howell St to E Denny Way at 36 Av; 10 mph or less on Route 2 trolley.
- NE 55 St between 35 Av NE & 40 Av NE; 20 mph or less on Routes 65 and 79.
- 55 Av NE between NE 70 St & NE 65 St; 10 mph or less on Route 79.
- 57 Av S between Rainier Av S & Waters Av S; 5 mph or less for all trolleys on Route 7.
- Between Woodlawn Av NE/NE 65 St & N 56 St/Meridian Ave N; 20 mph or less on Route 62.
- 64 Av S between nearside S Cooper St & nearside Waters Av S; 10 mph on wet pavement on Route 7.
- NE 65 St between 35 Av NE & 40 Av NE; 20 mph or less on Route 62.
- NE 87 St/7 Av at 112 Av NE; 10 mph or less over dip in the road on Route 893.
- S 116 St at 1 Av S; 10 mph or less on Route 128.
- 119 Av SE between SE 48 St & SE 60 St; 20 mph or less on Routes 240.
- N 143 St between Greenwood Av N & Linden Av N; 20 mph.
- N 160 St eastbound and westbound from crosswalk nearside Dayton Av N to crosswalk farside. Dayton Av N; 5 mph or less.
- SW 325 St/SW 327 St between 35 Av SW & 26 Av SW; 15 mph or less on Route 187
- SW Admiral Way westbound between 59 Av SW & 63 Av SW; 20 mph or less on Routes 50 and 56.
- SW Barton St between 29 Av SW and 26 Av SW; 5 mph or less on Routes 21 and 673 (C Line).
- 26 Av SW between SW Barton St and SW Roxbury St; 20 mph or less on Route 21 Local, 22, C Line, and H Line.
- Blanchard St after 8 Av turning N/B or S/B onto Westlake Av; 5 mph or less on Route 673 (C Line).
- NE Bothell Way on eastbound bus lane between Ballinger Way NE & 61 Avenue NE; 30 mph or less on Routes 322, 331, 372X, and ST 522.
- Columbia St (E/B) 5 mph when crossing 1 Av and 2 Av on Routes 21X, 56, 57, 113, 125, 678 (H Line) and 673 (C Line).
- Columbia St (W/B) 10 mph (5 mph on wet pavement) on Columbia St between 3 Av and 1 Av on Routes 21X, 56, 57, 113, 125, 678 (H Line) and 673 (C Line).
- Condon Way W between W Howe St & W McGraw St; 15 mph or less on Route 31.
- Evergreen Point and Yarrow Point (92nd Av NE) Freeway Stations (both directions); 30 mph or less when entering platform areas on Routes 255, 257, 311, ST 542, ST 545, ST 556, 982 and 986.
- W Fulton St between 8 Av W & 10 Av W; 15 mph or less on Route 1.
- Grandview Pl E between E Galer St & E Garfield St; 10 mph or less on Route 10.
- James St (W/B) between 9 Av & 3 Av (and E/B between 4 Av & 6 Av: 10 mph); 10 mph on dry pavement and 5 mph on wet pavement on Routes 3, 4, and 193.
- Kirkwood Pl N between N 56 St & Meridian Av N: 20 mph or less on Route 62.
- Lake Dell Av and E Alder St between 32 Av & Lake Washington Blvd; 10 mph or less on Route 27.
- Madison St westbound between 6 Av & 1 Av; 10 mph on dry pavement and 5 mph on wet pavement on G Line.
- Marine View Dr between SW 106 St & 35 Av SW; 20 mph or less on Routes 21X and 22.

- N Market St between Palatine Av N and Greenwood Av N 5 mph or less on the eastbound Route 44.
- NOAA 10 mph or less on all roadways in NOAA except NE NOAA Dr for Route 62.
- NE Northgate Way eastbound between 24 Av NE & NE Lake City Way; 20 mph or less for Routes 61 and 322.
- Queen Anne Av N southbound between W Highland Dr & W Roy St; 10 mph on dry pavement and 5 mph on wet pavement on Routes 2 and 13. Only two coaches at a time per direction. Maintain one zone of spacing. Passing is not allowed.
- Rainier Av S between S Court St & S Andover St; 25 mph for all trolleys on Route 7.
- Rainier Av S at S Walden St; 20 mph or less southbound for all trolleys on Route 7.
- SW Roxbury St between 31 Av SW and 35 Av SW; 15 mph or less on Routes 21, 22, and 673 (C Line).
- Seneca St westbound between 4 Av & 3 Av; 10 mph on dry pavement and 5 mph on wet pavement on Route 2.
- Taylor Av N between 1700 block & Howe St; 10 mph or less on Routes 3 and 4.
- W Viewmont Way W between W Armour St & W Bertona St; 20 mph on Route 24.
- SW Windmill St between 99 Av SW & 97 Av SW; 15 mph or less on Route 119.

Special Lane Operations

State law prohibits large vehicles from the left lane on limited access highways with three lanes or more in one direction. There are exemptions that benefit the way Metro provides service:

- HOV lanes are not considered the left lane of a roadway.
- The I-5 corridor between the I-405 interchange at Southcenter and the I-405 interchange just beyond Alderwood Mall is exempt, including express lanes.

When operating outside these exempted areas, buses may not operate in the third lane or beyond except to enter a left side HOV lane.

I-5 Express Lanes

- **5th Av & Columbia St exit**
  Southbound, when instructed to exit at 5th Av and Columbia St, operate in the inside HOV lane south of Mercer St. Coaches in this HOV lane must begin to decelerate and travel no faster than 40 mph between the Mercer St off-ramp and the exit. Use extreme caution in the tunnel area and be prepared to stop as traffic can suddenly back up in the tunnel. Coaches traveling in lanes other than the inside HOV lane may continue to travel at the posted speed limit.
- **NE 42nd St off-ramp (northbound)**
  The speed limit for coaches operating northbound on the I-5 express lanes exiting at the NE 42nd Street off-ramp is 20 mph. Deceleration must begin at or before the crest of the I-5 freeway bridge and the coach must not be exceeding 20 mph when the front of the coach passes the speed limit sign.
- **Northern terminal of express lanes (north of NE Northgate Wy)**
  During peak hours, coaches entering or exiting the express lanes are to continue through in the HOV lane.
- **Following distance rule**
  Following distance on the I-5 express lanes, from NE 42nd Street to Cherry Street exit, is six seconds, both northbound and southbound, for all coach types.

- **Freeway express lane access**
  When approaching the entrance to the express lanes, read the express lane information sign. Enter only if the green “OPEN” signal is displayed. Never enter when the red “CLOSED” signal is displayed or the sign is blank. When the red “CLOSED” signal is displayed or if the sign is blank, follow routing for regular lanes. Operators must not pass electronic swing-gates or traffic cones blocking access to express lanes. If you have any doubt about the status of the express lanes, call the coordinator with either a PRTT or RTT, depending on the circumstances. Operators violating express lane closures are subject to traffic citation and disciplinary action. Should a coach enter the express lanes the wrong way, the operator is required to stop immediately off the roadway, turn on the four-way flashers, activate the emergency alarm (EA) followed by a PRTT and remain in place until assistance arrives.

SR-520 HOV Lane

Use extra caution and reduce speed when traffic is slow and heavy, as traffic may “jump” into your lane unexpectedly. Do not pass coaches at Yarrow Point or Evergreen Point stations.

Metered Freeway On-ramps

Many freeways have special split entrance metered on-ramps with one portion for single occupancy vehicles and one for high occupancy vehicles. When an HOV lane is provided, always use the HOV portion of the on-ramp.

Flyer Stops and Freeway Station Speed Limit

Coach speed in all flyer stops and freeway stations is not to exceed 30 mph.

BAT Lanes

BAT (Business Access & Transit) lanes exist on several surface highways in the system, including SR-522, Aurora Av, and Interbay. The following guidelines apply for utilizing BAT lanes:

- Right-turning cars share the lane with buses.
- Bikes are allowed in the lane per traffic laws and buses should pass bikes with care.
- Express and deadheading buses may pass stopped locals but generally are encouraged to use the BAT lanes.
- Slow order of 30 mph eastbound bus lane on NE Bothell Wy between Ballinger Wy NE and 61 Av NE.
- In some locations, cars are allowed to drive or park in BAT lanes during off-peak hours.

Interbay BAT Lanes

Buses traveling northbound on Elliott Av W may operate straight through the Galer St flyover intersection only when the center vehicle signal is a green ball. The right turn arrow signal is for right turning traffic only.

Skip Stop Operation in the CBD

The CBD is the area bordered by S Jackson St, I-5, Denny Wy and the waterfront.
(See CBD map in Associated Maps section.)
Coaches traveling on 2nd, 3rd or 4th Av shall adhere to the following guidelines to insure smooth traffic flow during skip stop operations in the CBD.

- Coaches that are not traveling in the curb lane may pass a coach servicing a zone not serviced by the passing coach. When passing, tap the horn twice to alert the other driver of the passing maneuver.

- Coaches that are not traveling in the curb lane shall yield to coaches attempting to pull out of a zone, allowing them to safely get back into traffic. The yielding coach may then pull into the bus lane and continue to their zone.
- If there is a coach in each lane of traffic at a red light, when the light turns green the coach in the #2 lane shall yield to the coach in the curb lane.
- On 3rd Av, do not pass a trolley which is slowing down for special work.

4th Av Island Stop at 4 Av/S Jackson St

The stop is used by coaches traveling N/B on 4th Av S continuing to 3rd Av S.

SODO Busway Speed Limit

25 mph or less on SODO busway between S Royal Brougham Way and S Holgate St both directions.

Bellevue Transit Center

- 10 mph or less inside Bellevue Transit Center.
- Yield to pedestrians at all times.
- No boarding when coach is more than one bus width away from loading curb, unless the coach next to curb is disabled and blocking.
- Do not make second stop in bay to pick up or drop off passengers.
- If you layover for time, activate the 4-way flashers.
- Coaches in right lane always yield to coaches in left lane.
- Coaches in left lane always have the right of way including Bays 6 and 11.
- Buses in bays should yield to coaches in left lane at all times.
- When exiting, move front of coach over sensor area to trigger blue light and activate green signal light.
- Use left lane when exiting (except if serving Bays 6 or 11).
- After serving your designated lane, move to left lane (except if serving Bays 6 or 11).
- Relief cars are not allowed in the transit center. Park in City of Bellevue parking garage.

Northgate Station (Link)

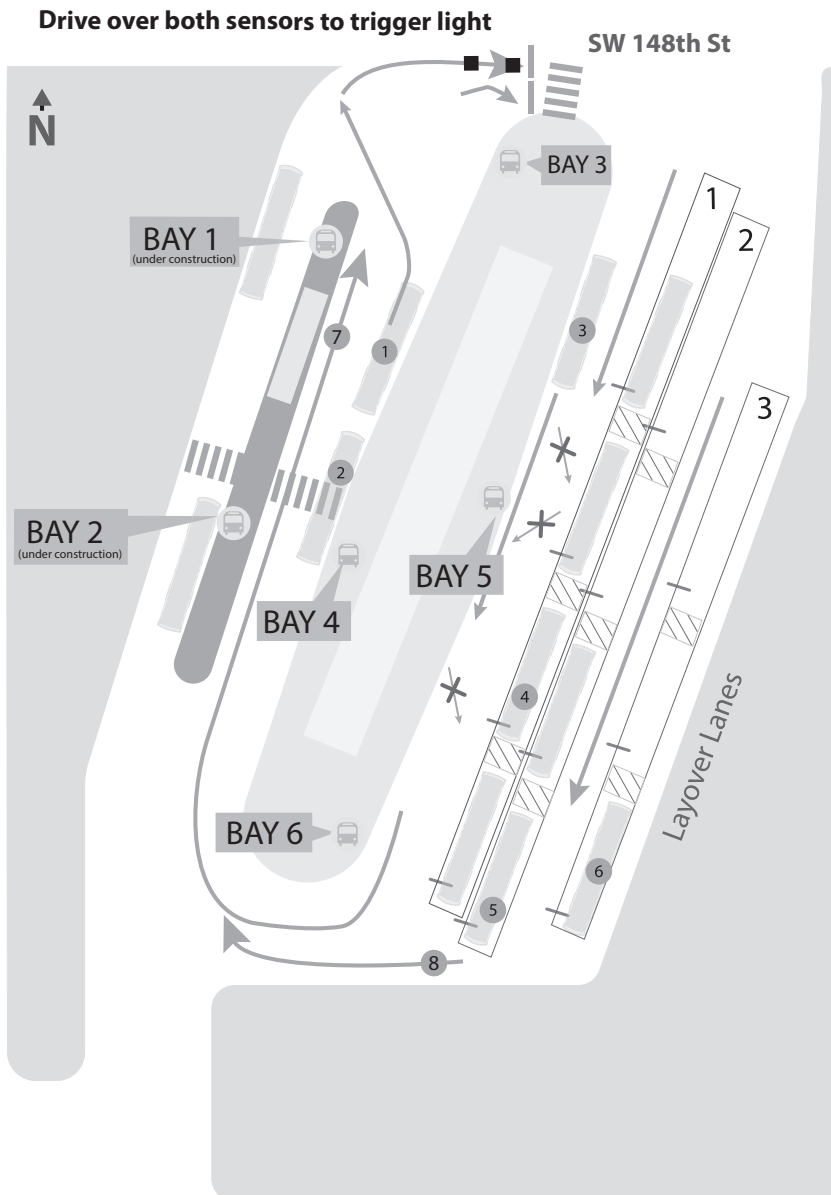

- 10 mph or less inside Northgate Station (Link).
- Yield to pedestrians at all times.
- No boarding when coach is more than one bus width away from loading curb, unless the coach next to curb is disabled and blocking.
- Do not make second stop in bay to pick up or drop off passengers.
- Coaches in right lane always yield to coaches in left lane.

Transit Center/Park-and-Ride Speed Limit

Coach speed limit in all transit centers and park-and-ride lots is not to exceed 10 mph.

Burien Transit Center

1. The first bus follow line to pull up and trigger the light sensor.
2. Second bus will pull forward and hold, but do not cross until first bus leaves.
3. Pull forward to Zone, do not park from this location- make the loop.
4. Pull up to the line and park. Stay to the right in lane. Use orange marker to align to center of door.
5. Pull up to the line and park. Stay to the right in lane. Use orange marker to align to center of door.
6. Pull up to the line and park. Stay to the **LEFT** in lane. Use orange marker to align to center of door.
7. Thru lane traffic yield to coaches exiting via SW 148th.
8. F-Line Coaches Layover lanes 2 & 3 only continue clockwise to Bay #6

Metro Transit Summary of Fare Rates

Adult Fare:	
Ages 19 to 64	$3.00
ORCA LIFT reduced fare	$1.00
ORCA/Transit Go Day Pass	$6.00
ORCA LIFT Day Pass	$2.00
Youth Fare (ages 0-18):	
All zones at all times	Free
Animals	
(See *The Manual* for further information.) Non-service dogs occupying a bus seat are charged the same fare as the customer unless they ride on the owner's lap. Other animals in containers or carriers are charged the same fare as the customer if the container or carrier occupies a seat.)	$3.00
Service animals for persons with disabilities ride free.	Free
Other animals are not charged a fare.	Free
Regional Reduced Fare Permit (RRFP):	
RRFP Cardholders	$1.00
Personal Care Attendant (accompanying RRFP cardholder with PCA sticker)	Free
RRFP Day Pass	$2.00
ACCESS:	
Single Trip with Cash	$1.75
Metro Monthly Access Pass on ORCA card	$63.00
Subcontracted Service	
Charged as regular service	Comparable Fare

Sound Transit Summary of Fare Rates

Fare Type	ST Express Bus	Link Light Rail	Sounder
Adult	$3.00	$3.00	Adult: $3.25-$5.75 (Distance based)
Youth	Free	Free	Free
Senior/Disabled*	$1.00	$1.00	$1.00
ORCA LIFT reduced fare	$1.00	$1.00	$1.00

** Requires Regional Reduced Fare Permit*

Community Transit Summary of Fare Rates

Fare Type	Bus	Zip	DART Paratransit
Adult (19-64)	$2.50	$2.50	$2.50
Youth	Free	Free	Free
Reduced Fare	$1.00	$1.00	$2.50

** Applies on all 400 & 800 series routes*

Pierce Transit Summary of Fare Rates

Fare Type	Local	All-Day Pass
Adult	$2.00	$5.00
Youth	Free	Free
Discounted Fare*	$1.00	$2.00

** To be eligible for Discounted Fare, passenger must be low-income, a senior, have a disability or be a Medicare Card holder (RRFP card required). Must show Regional Reduced Fare Permit or ORCA LIFT card*.

Special Event Service

Premium fares are charged for service to certain special events. A Driver Alert will notify you in advance of any such service.

- Only the special fare and round trip transfer are to be accepted unless otherwise stated.
- ORCA Card is not accepted as Special Event fare.

Subcontracted Service

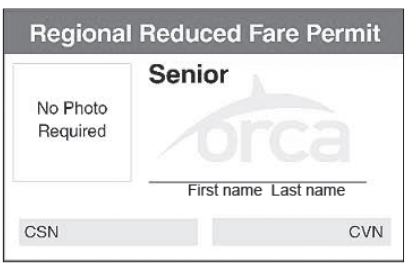

Subcontracted service fares are the same as regular service fares. Paper transfers issued by subcontracted service operators are accepted on all regular Metro service.

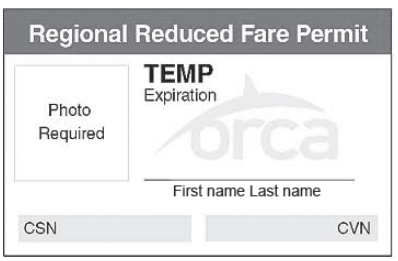

Regional Reduced Fare Permit (RRFP) and Personal Care Attendant Permit (PCA RRFP)

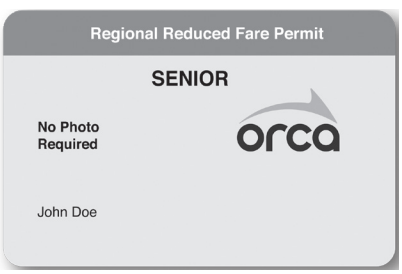

ORCA RRFP

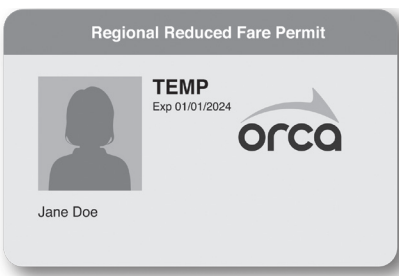

Metro, along with several Puget Sound area transportation agencies, offers a "Regional Reduced Fare Permit (RRFP)" to eligible senior citizens and customers with disabilities. The permit allows a customer to ride at a reduced rate. The top two images are old ORCA cards issued before Summer 2022. The bottom two images are current ORCA cards.

- Customers with temporary disabilities may be issued a temporary RRFP valid for up to five years depending on documentation submitted.
- Customers with permanent disabilities are issued a RRFP without expieration date.
- Customers using ORCA RRFPs pay reduced fare by tapping the card if there is E-purse or a monthly pass loaded on the card. Customers that want to pay cash do not tap the card and simply show the driver the card to verify it is a valid RRFP.

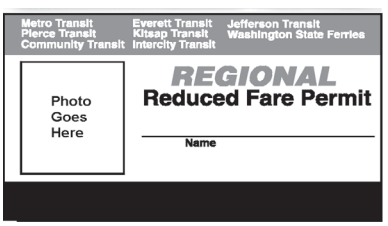

RRFP -Old Style

Both ORCA RRFPs and old style RRFPs are in circulation.

- Customers using old style RRFPs must pay with cash or a Metro ticket at the farebox. A paper transfer is issued, if requested.
  - Old style RRFPs are accepted on all regular and Custom Bus Metro routes.
- Qualifications for the permit are as follows:
  - Persons 65 or older.
  - Medicare card holders.
  - Persons who meet specific disability eligibility criteria. (Contact Metro Customer Service for further information.)
- RRFPs (all types) are available at the Customer Service Office (CSO) in the King Street Center building at 201 S Jackson Street.
- Customers can also submit application materials online at **reducedfare.kingcounty.gov**.
- Customers may exchange a valid old style RRFP for an ORCA RRFP at no cost.

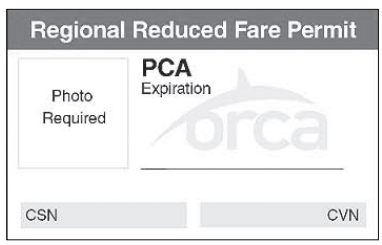

PCA RRFP

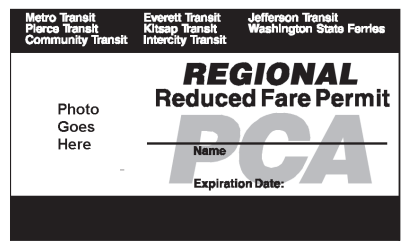

Some RRFP customers may require an attendant to travel with them due to a disability. Customers who require an attendant may apply for a Personal Care Attendant Regional Reduced Fare Permit (PCA RRFP). “PCA” will be printed on the face of the card for both “old style” and ORCA card RRFP passes.

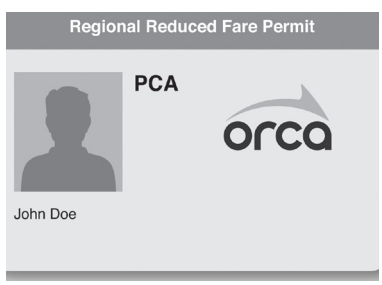

- A single card is issued only to the RRFP customer. Either the RRFP customer or the attendant may carry the one PCA RRFP.
- The PCA RRFP customer pays their $1.00 fare with cash, a Metro ticket valued at or above $1.00, ORCA E-purse funds, or an ORCA PugetPass.
- The attendant is not charged a fare.
- Riders with a PCA RRFP are not required to have an attendant with them.

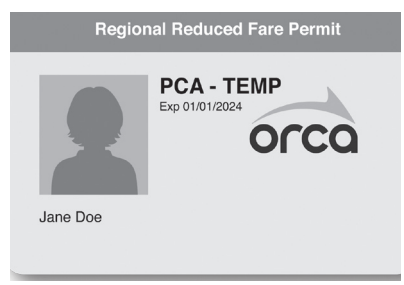

Old style PCA RRFP display a photo of the customer with the disability, have “PCA” printed in green, and an expiration date printed if temporary, permanent ones don’t have an expiration date.

- Temporary permits expire on the last day of the month indicated.
- Older permits have a green “A,” “A86” or “A87” on the front. They are still valid.

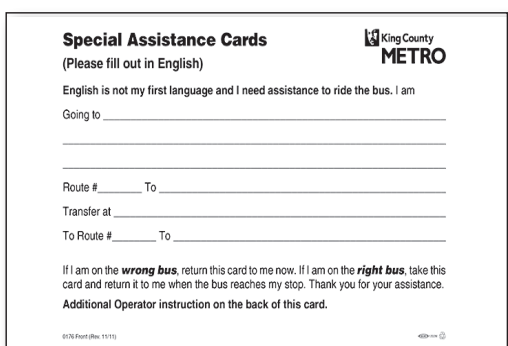

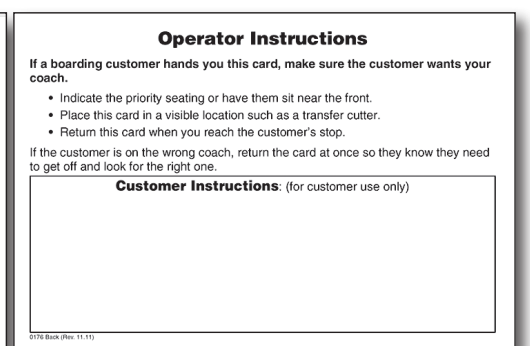

Special Assistance Cards

These cards are a training tool to help people with limited English proficiency as they learn to ride transit. Please follow the Operator Instructions on the card.

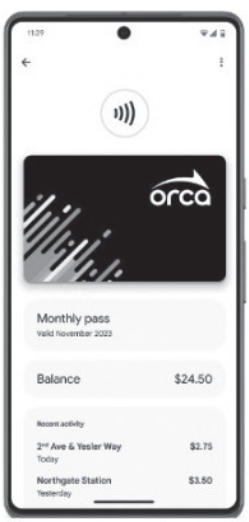

ORCA Card

ORCA uses smart card technology to automatically account for different fares and/or transfers on Community Transit (CT), Everett Transit (ET), King County Metro Transit (KCM), Kitsap Transit (KT), Pierce Transit (PT), Seattle Monorail, Seattle Streetcar, Sound Transit (ST) and the Washington State Ferries (WSF).
Customers can load transportation value on a personal ORCA card online, via the ORCA mobile app, over the phone, by mail, at participating retail and ORCA Customer Service locations, or at vending machines on ST rail station platforms and select KCM locations. A customer with a registered ORCA card can also use the autoload option, a recurring fund transfer from a customer credit card for current pass or E-purse value. Customers using a digital card may also load value from the mobile wallet on their phone.

- The ORCA card can only be used by tapping on the ORCA card reader and cannot be used as a flash pass (except RRFP's as explained above). Customers using a digital ORCA card loaded to their mobile wallet will be able to tap their phone or smartwatch on card readers to pay for transit the same way they tap a plastic ORCA card.
- Digital ORCA cards can only be active on one device at a time to prevent misuse.
- If a registered card is lost or stolen, it can be reported to ORCA Customer Service. Contact the office online, or a customer service agent will assist the customer by phone (206-553-3000) or in-person at a Customer Service Office to replace the card and restore the lost value, subject to the ORCA Terms of Use.

E-purse Transfers

Transfers with ORCA E-purse are tracked automatically on the ORCA card account. Payments are transferable to any ORCA service within two hours of the original payment, except on Washington State Ferries, Seattle Monorail, and Kitsap Transit's Fast Ferry. The ORCA reader will display "XFER" and a "Good until X:XX xm" message when the card is tapped. There is no display on the DDU when a valid transfer is recognized by the ORCA card reader. Customers who pay with an ORCA card do not need to be issued a paper transfer.

ORCA Cards with a PugetPass

PugetPass is a product loadable to ORCA cards, allowing the cardholder to ride an unlimited number of times in a calendar month up to a certain fare value. When an ORCA card loaded with a PugetPass is tapped on the ORCA card reader, it will accept the card up to the fare value of the PugetPass. If the fare value of the PugetPass is less than the current fare, the ORCA system will first charge the PugetPass for a partial fare and then take E-purse balance to cover the remainder of the fare. If the customer's E-purse balance is $0 or less than the remaining fare value not covered by the PugetPass, the E-purse will go negative. Once an ORCA card's E-purse balance goes below-$2.75, the card will be blocked until the customer adds funds to the card.

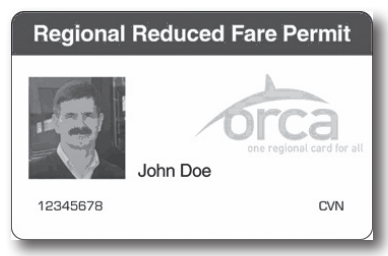

- ORCA cardholders can no longer pay cash to upgrade their fare. They must load funds to their E-purse in order to pay any fare above the PugetPass fare value.
- A monthly PugetPass may only be used by one customer per trip.
- The pass is valid for a one calendar month period.
- The pass is not valid prior to the first day of the effective pass month.
- The pass is available in multiple fare values ranging in value from $.50 to $10.00.

ORCA Card Access Pass

Metro Monthly Access passes are purchased as an electronic pass on an ORCA card. The Access pass can be loaded to either a standard or Regional Reduced Fare Permit card with any passenger type (Adult, Youth, LIFT, Senior, Disabled).

- The customer taps the card against the ORCA card reader on fixed route buses or trains like any other ORCA card. The customer cannot tap the card on an Access van and does not need to present the ORCA card to an Access van driver.
- An Access pass is valid for full fare payment on King County Access vans, all regular Metro service, King County Water Taxi, Seattle Streetcar, Metro Flex, Custom Bus service, ST Express, Link light rail, Sounder rail and Seattle Monorail.

Contactless Tap-to-Pay

Customers may pay Adult fares by tapping Visa, MasterCard, American Express, or Discover debit or credit cards that have the contactless Wi-Fi symbol. Cards can be physical or digital in Android, Samsung, and Apple phone wallets. Customers will receive the same two-hour transfer credit as they do when paying with ORCA cards. Trip fares are added up and then charged to riders at the end of each service day. Customers paying this way must be willing and prepared to share the last four digits – and in some cases the first six digits – of their debit or credit card to Fare Enforcement Officers upon request to verify their fare payment.

Transit Go Ticket

Metro customers may purchase fare on their mobile devices using the Transit Go Ticket application. Customers will use this application displayed on their device as a flash pass. Transfers allowed for Transit GO Tickets are only between Metro buses, the same as cash transfers. Transit GO Tickets can also be purchased for Kitsap Transit and Sound Transit bus services; Sound Transit Link Light Rail and Sounder Train services; Kitsap Fast Ferry; and Seattle Streetcar services, but are not valid for transfers to Metro buses.

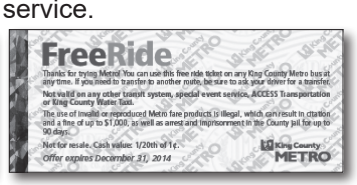

Tickets

Free Ride Tickets

Free Ride Tickets are issued by Metro to promote ridership. Each ticket is valid for one trip with no zone or time restrictions on regular Metro service or Custom Bus service.

- A transfer is issued, if requested.
- They are not valid on special service.

Ticket Books

Ticket books are no longer sold to individual customers, however they are still available for purchase to qualifying Human Service agencies at both the full fare & discounted rates. The tickets are still accepted and are equivalent to a cash fare. When placed in the farebox, tickets will register based on their size.

- Tickets can be used only on regular Metro service, Metro-operated ST Express service, Access vans, and Custom Bus service.
- "Old" style tickets are grandfathered in at the value printed on the ticket (i.e. a $1.00 ticket will have a fare value of $1.00 toward current fare). Because of ticket size variation these "old" style tickets may or may not register in the farebox as full fare.

Students

Husky ORCA Card

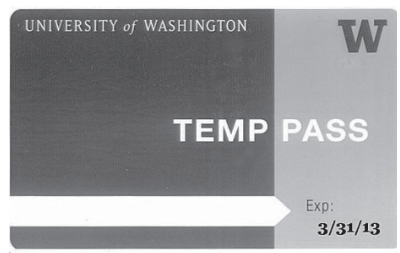

The Husky Card is issued to University of Washington faculty, staff and students. This pass contains the ORCA card smart chip and has “U-PASS is powered by ORCA” printed on the back. The card face is purple with the UW logo. The customer taps the card on the ORCA card reader.

- Upon activation the Husky Card, loaded with Business Passport, is valid for full fare on all regular ORCA transit service, except Washington State Ferries. The Husky Card is valid on Access with preapproval from Accessible Services.
- This pass is not valid on Metro Special Event Services, such as Husky service, the Puyallup Fair, etc.

UW Temporary Husky ORCA Card

Issued each quarter with the applicable expiration date noted on the face of the pass.

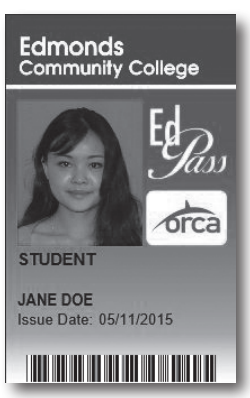

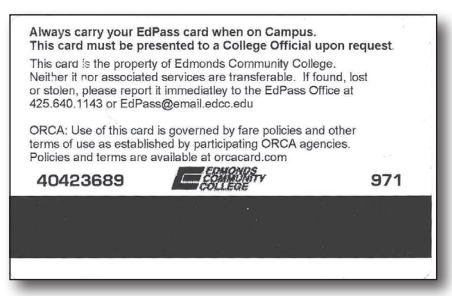

- Upon activation, the temporary Husky card is valid for full fare on all regular ORCA transit service, except Washington State Ferries. The Husky Card is valid on Access with preapproval from Accessible Services.
- This pass in not valid on Metro Special Event Services, such as Husky service, the Puyallup Fair, etc.

Edmonds Community College ORCA

The Edmonds Community College ORCA “Campus Cards” are loaded with a Community Transit pass by the college, but card holders can register their card and load additional product on it to enable them to ride on Metro or Sound Transit. This is a legitimate ORCA card.

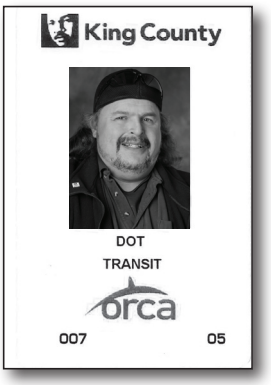

- Treat it like you would any other ORCA card.
- The DDU will display the appropriate message based on whether they have loaded additional product enabling the customer to ride on Metro or Sound Transit.

Employees

King County Employee ID/ORCA

The ID/ORCA card is valid fare on regular ORCA transit service, except Washington State Ferries. The customer should tap their card at any ORCA reader to pay their fare.

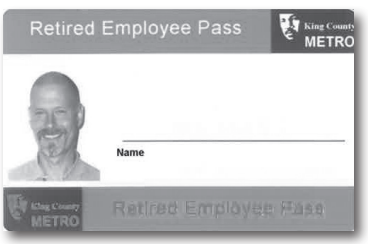

- The employee ID/ORCA is not valid on Metro Special Event Services, such as Husky service.
- ID/ORCA will be required for access to the Metro Employee Parking Garage, King Street Center, and Central and Atlantic Base.
- When using ST Sounder, remember to tap prior to boarding and tap again after exiting.

Retired Employee Passes

The Metro Retired Employee pass has an orange or red strip and may display a photo of the employee (see pass sample images). Retired employee passes do not carry a date sticker.

- This pass allows retired Metro employees to ride all Metro Transit routes in regular service only. The pass is not valid on other agencies including Pierce, Kitsap, Everett, Community, Sound Transit or the King County Water Taxi.
- They can be used only by the employee whose photo is on the pass.
- Employee passes are not valid on Custom Bus or Special Event Services.

Service Supervisor Employee Pass and Transit Security ID Card

All service supervisors carry a King County employee ID/ORCA card. They also carry an ID card issued by Transit Security. Supervisors have special authority to assist in emergencies when presenting appropriate identification. Their instructions must be followed by all operators.

Police Officers

All police officers employed by law enforcement agencies in King County can ride free, at any time, by showing their police badge or police identification card.

Introduction

The purpose of this section is to familiarize you with the procedures to follow in case of mechanical trouble while on the road. It will tell you what information you should have when calling the coordinator about a problem and perhaps allow you to diagnose some minor problems yourself. However, when using these guidelines, always use extreme caution and never risk your safety or the safety of your passengers. If you are unsure of any procedure included in this section, call the coordinator.

Accessible Equipment

Tie-downs

If the retractable seatbelts or securement belts jam or if the accessible device is tight against the rear seat barrier and tie down cannot be released:

- Push button at bottom of retractor boot to release locking mechanism.

Ramp

There are two types of ramps. One uses a strap and the other uses a hook to deploy.

- On coaches using a strap, if the ramp fails to deploy or stow, it is designed to be operated manually. Simply lift the ramp by the strap attached to the corner (remember to bend from the knees). When the ramp goes just past its vertical point, let go. The ramp will float the rest of the way by itself.
- On coaches using a hook, use your “T” key to open the smaller storage compartment over the right front wheel well, locate the large metal ramp key attached by a cable and velcro. Use the ramp key to lift the metal release bar at the left most corner of the ramp (corner nearest the passenger area). Place the hook in the slot and release the latch. If the ramp gets stuck partially deployed, it is likely the bus is too close to the curb. Do not force it open, doing so will damage the ramp. Instead, stow the ramp and move the bus at least four inches from the curb.

Battery/No Charge Light Comes on

When the battery warning light illuminates it is an indication the alternator is not charging.

- If not charging, secure the coach.
- Shut off the engine.
- Call the coordinator.

Battery Electric Buses

For 4700, 4800 & 1000-1067 coaches currently operating out of South Base:

- Call TCC when the State of Charge (SOC) of the Energy Storage System (ESS) is at 20%.

Bell

Doesn’t Ring

- Be sure the switch is on.
- Recycle by opening and closing the door.

Check the cords where they connect into the small terminal boxes. They are located behind the front and rear doors and behind the driver compartment. The cord may be stuck at one of those points.

- Free it by pushing the shaft on the cord back into the terminal box.

- If the bell doesn't ring when pulled but rings when you close the front door, the switch may be stuck.
- Check the cords at their terminal boxes.

If the bell still doesn't work, call the coordinator and explain what you have done.

Brake Problems

Slack Brakes or Brakes that Grab

- Call the coordinator.

Hot Brakes (Brakes Dragging)

If your brakes are exceptionally hot (smoking), park the coach in a safe location and call the coordinator.

- Call the coordinator for any other hot brake problem.

Brakes Locked

- Check to see that the rear door is completely closed.
- Be sure the fast idle switch is off.
- If you have the assistance of another operator, safely back the coach a few feet. This may release the brakes.
- Call the coordinator and explain what you have done.
- Be sure the wheelchair ramp switch is off.

Noise from Brakes (Grinding, Clunking or Squealing)

- Call the coordinator and describe the noise.

DDU Reset

- Press "Menu"
- Press "Systems"
- Press Application Reset"
- Dialogue box opens "Do you really want to restart?" Press OK. It takes about 1 minute for system to restart.
- Relog into DDU.

Reset the DDU for any radio or communications problems or DDU error messages. Only reset the DDU once, if that does not fix the problem contact the TCC. While the DDU is resetting the radio will not work for up to 3 minutes.

Directional Signals

Determine which is malfunctioning, the outside signals or the indicator on the dash board.

- Do this by parking the coach in a safe location, set the parking brake and put the transmission in neutral. Turn on your four-way flashers and check the lights from outside the coach.
- Call the coordinator and explain what you discovered.

Doors

If the Front Door Won't Close

- Be sure the air to the door is turned on. The valve for door air is located near the driver's left leg on New Flyer & Orion coaches. On Gillig coaches, the valve is located at the rear of the side console.

- Open and close the doors manually.
- Shut off the engine and restart.
- Cycle the lift or ramp.

If you are still unable to close the door, call the coordinator.

If the Rear Door is Inoperative

Park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Check the interlock toggle switch located in the front compartment (above driver's seat) or side console to see that it is on.
- Check the air valve above the rear door to see that it is on.
- Check for obstructions in the door.
- Jiggle the doors; this may release them if they're stuck.

If you continue to experience trouble with the rear door, call the coordinator.

If Both Doors are Inoperative

- Check for adequate air pressure.
- Check to see that the air to the doors is turned on.
- Newer coaches have a unique computer system affecting the doors. In addition to above, recycle the coach and check for door obstructions.

If problems persist, call the coordinator.

Downed Wire

The following procedures have been established for all situations involving downed wire.

- Stop the coach immediately and notify the coordinator of the problem.
- Do not attempt to handle or touch the downed wire. All downed wire should be considered hazardous.
- Unless a fire occurs, everyone is to remain on the coach until a line crew arrives to remove the wires.
- In the event of a fire on the coach, jump clear of the vehicle.

Remember, do not touch the coach and the ground at the same time. Do not touch the coach after stepping onto the street.

Hot Engine

If a hot engine warning light illuminates and/or the temperature gauge registers 210 degrees or higher, this indicates the engine or power unit (trolley) is overheated. Park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Check for visible coolant leaks.
- Shut the engine off and call the coordinator.
- If your coach continues to overheat, call the coordinator.

Use the service brake when stopping on hills. Only use the hill-holder momentarily while applying the accelerator to begin moving up hill.

- Do not hold a trolley coach with the power pedal as it will cause overheating in the chopper unit.
- Do not hold a diesel coach with the power pedal as it may cause the engine and transmission to overheat.

Farebox

If coins jam in the coin mechanism, press [0] key and slowly, repeatedly press the black de-jam button to allow the stuck coins to fall through. The de-jam button causes the throat

of the coin mechanism to widen slightly while the [0] key activates the coin mechanism itself.

- If the jam remains after your efforts to clear it, call the coordinator who may ask you to put the farebox into bypass by pressing down on the bypass lever.
- If the bill transport becomes jammed, call the coordinator immediately.

Fuel Leak

Park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Try to determine the location of the leak.
- Call the coordinator.

Fumes in Coach

Diesel, exhaust and electrical

- Call the coordinator.

Heater or Defroster

If there is no heat, but your blowers are working, check the position of the heat control.
If the blowers aren't working, check to see that the switches are on.

- Check that there is not a "no" charge light, that the alternator is charging.
- Check to see that the front fresh air vents are closed.
- Call the coordinator and explain what you have done.

Hot Coach Emergency Procedures (Trolley)

See *The Manual*.

Lights

Head Lights

If either one or both head lights are out, call the coordinator.

Tail Lights

If your tail lights are out, call the coordinator.

Head Lights and Tail Lights

If both head lights and tail lights are out, park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Turn on the emergency flashers.
- Turn the run control switch off and on.
- Activate the dimmer switch a couple times.
- Call the coordinator and explain what you have done and what were the results.

Low Air

If the low air warning buzzer sounds or if the air gauge reading registers less than 80 psi, park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Check for audible leaks in the brake system by holding the brake pedal all the way down and listening for a continuous draining of air while watching for a drop of pressure on the air pressure gauge.
- If there is no obvious air leakage, attempt to rebuild the pressure by moderately increasing the engine speed.
- If the air pressure remains low, call the coordinator and explain what you have done.

Low Oil

A low oil warning light illuminates and/or the buzzer sounds. Park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Check the reading on the dash oil gauge and turn the engine off.
- Check the engine compartment for leaks and check the oil level.
- Call the coordinator and explain what you did.

Mirrors

If a mirror is broken or if the arm is bent to the point that you feel it is unsafe, call the coordinator.

Steering Malfunctions

Park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Check the front tires for low air and call the coordinator.
- Call the coordinator for any steering problems.

Suspension

If your coach is “riding low” or leaning badly, call the coordinator.

- The coordinator may or may not direct you to continue on route if your tires are not rubbing the wheel well. Be cautious and drive slowly.
- If the tires are rubbing, park the coach in a safe location and call the coordinator.

Tires

Never drive a coach with a low or flat tire. Driving on an improperly inflated tire will overheat the tire and may cause a fire.
Park the coach in a safe location, set the parking brake and put the transmission in neutral.

Flat Tire

Call the coordinator and explain which tire is flat and if it is on or off the rim of the wheel.

Low Tire

Call the coordinator and report which tire is low and if it is leaking.

Loose Tread

If a section of tread has come off, if tread is slapping against the wheel well, or if the tire cord is showing call the coordinator.

Throttle

No Throttle Response

- Turn off the master switch, wait at least 10 seconds, and turn it back on. Slowly depress and release the throttle pedal fully 3 times.
- Start the engine; if the throttle is still not present notify the coordinator.

Hybrid Electric Vehicle

- If a HEV, Check System or Stop System warning light illuminates. Park your coach in a safe location, set the parking brake, put transmission in neutral, turn on the 4-ways, and turn off the coach.
- Call the coordinator.

Transmission

Transmission Slipping (ST Coaches only)

Park your coach in a safe location, set the parking brake, put the transmission in neutral and leave the engine running.

- Check the transmission fluid level in the engine compartment.
- Call the coordinator and report the fluid level.

Flashing transmission gear selector.

- Be sure the air to the door is turned on and the brake pedal is applied.

Trolley Coaches

No-Con Audible Alarm (Trolley Coaches) and/or Low 700V (Purple LCD Screen)

It is normal for some dash lights and an audible beep to come on briefly when operating through a dead spot. However, in other instances when the no-con audible alarm (usually accompanied by the Low 700V Purple LCD Screen) comes on you must stop at once. You may have lost your poles. You may also see De-Wired LCD screen. Failure to stop could cause damage to the overhead.

Check to see that the poles are on live wire.

- Check to see that the coach will move under its own power.
- Before using ESS, inform the coordinator when instructed to do so in the “Energy Storage System (ESS)” section of The Manual.

Intermittent Power/Coach Jerking (Trolley Coaches) Stop System Indicator (Red), Check System Indicator (Yellow) or No Gen Indicator (Red Battery +/-).

- Visually check the shunt wires (if a closer inspection is needed rack poles). If you observe a broken shunt wire, call the Coordinator.
- If you have the Yellow Check System Indicator for more than 30 seconds, park in a safe location and call the coordinator.
- If you have the Red Stop System Indicator, immediately move the vehicle to a safe location if possible, shut down the coach, and call the coordinator.
- If you have the Red No Gen Indicator (Red Battery with +/- symbols on the dash cluster) and it remains illuminated, do not operate the vehicle. Call the coordinator.
- If you are operating under freezing conditions, ice on the overhead may be causing intermittent power loss, call the coordinator.

Two-Way Radio

The need for a functioning radio is essential when operating a coach.

- If, during the pre-trip inspection prior to leaving the base, the radio is not operating correctly, contact the TCC with a PRTT. Use a neighboring coach radio, if necessary.
- If a radio failure occurs on the road contact the TCC by using another coach radio or by calling 206-684-1111 or 206-684-1705. These numbers should not be given out to the public.

Windshield Wiper

If one of your wipers gets stuck, turn the wiper knob off and back on.

- If it remains stuck, park the coach in a safe location, set the parking brake, put the transmission in neutral and try to free the arm by very gently pulling it back and forth. Be careful not to get your fingers in a pinch condition.
- If you are unable to make your wipers work again, call the coordinator and explain what you have done.
- Call the coordinator for other wiper problems such as bad wiper blades, broken wiper arm or wiper arm loose on the shaft.

Write a work order for the coach when you return to the base or ask your relief operator to write a work order on the coach.

Driver Display Unit (DDU): On Board Systems (OBS) and ORCA

The following procedures may assist you in resolving common problems in operating the DDU.

- Change Trip Manually:
  - Press **Menu**, press **Set Trip**, select trip from list, press **OK**.
- Set the Position Manually:
  - Press **Menu**, press **Manually Set Position**, select position from list, press **OK**.
- Change Destination Sign Manually:
  - Press **Menu**, press **Manually Set Destination**, input sign code, press **OK**.
- Operator Log OFF for Coach Change/Road Relief/Return to Base:
  - Step 1: Press **Menu**, press **Driver Login**, press **<<** and **OK**.
  - Step 2 : Press **Menu**, press **Rt/Run Login**, press **<<** and **OK**.
- Adjusting External Speakers Volume:
  - Press **Menu**, press **Audio**, press **Volume**, use ↑ and ↓ to adjust exterior volume.
- Fare Reversal (Cancel Ride):
  - Press **ORCA**, press **Cancel Ride**, request that the customer tap their card again.
- Fare Tally:
  - Press **ORCA**, press **Tally**, tap on each type of fare observed, click **OK**.

Transign Electronic Information Display Codes

Transign codes for each numbered route are listed on individual routes pages.
The following is a list of transign codes for signage that are not associated with a particular route.
When OBS fails to display correct signage, use Delta ABC on the DDU or it using Transign keypad:

- Select either Dest A or Dest B or both, if operating more than one route.
- Enter corresponding routing code from the Route Book.
- Press enter.
