My driver was **AMAZING**. Great customer service, **SAFE** and professional driving, and super personable. During this crazy COVID-19 time in Seattle, you need drivers like this. Metro drivers rock. These days, transit operators are my **HEROES** even more than they always are. Thank you all who are working to keep buses and trains moving. My driver is there, driving the bus knowing the risk it implies. Nevertheless, their attentiveness **EXCEEDS ALL EXPECTATIONS**. Even through my driver's mask, you could still see their **SMILE**. My **HEARTFELT** thanks to Metro drivers. I really **APPRECIATE** them driving during this time. Driver was **GREAT** and **SUPER PLEASANT** and **FRIENDLY** and **PERSONABLE**. Not easy to do during these trying times. It is a privilege to be able to ride and arrive **SAFELY** to my job. I want to express my **GRATITUDE** for the continued service you provide during this challenging time. The city would be at a standstill without you. Thank you to all the drivers for continuing to work in this difficult and scary time and especially to this driver for going above and beyond with **KINDNESS**. I really **APPRECIATED** the bus driver standing up for me; he was **PROFESSIONAL**, and King County needs more drivers like this. I know times are crazy now, I just wanted to report this crazy incident as it was not a normal ride and send in my praise for the bus driver who really **HELPED OUT**. This operator went **ABOVE AND BEYOND** the call of duty. The operator is the definition of **OUTSTANDING**. Honestly, they were a breath of fresh air in these incredibly stressful times. This driver is **TOP SHELF**. This operator has demonstrated **KINDNESS**, **EMPATHY**, and a great sense of **HUMOR** to all passengers. This is on top of **EXEMPLARY** driving skills. The driver took the time to find out where I had been trying to get to, tell me which buses to use in the future, and was full of **PEOPLE-FRIENDLY** anti-COVID isolation **SUNSHINE** and **SMARTS** while I chattered on. A real **GEM**. This operator can handle rowdy crowds, strict coronavirus guidelines, hold firm with angry folks, be **SWEET** with old women, create **SAFE** spaces, maintain a clean bus, and work hard to attend to all the extras that come with being a bus driver. **THANK YOU** for helping to keep us all **SAFE**. I **APPRECIATE** you. My driver was **KIND** and **PATIENT** with two seniors, one in wheelchair and other mobility scooter. I want to commend this driver for doing a **GREAT JOB** during such a difficult time and environment for this profession. My heartfelt thanks to Metro drivers. I really **APPRECIATE** them driving during this time. The operator is a **REMARKABLE** person that knows how to deal with difficult situations. This was a **FABULOUS** driver; they were **EFFICIENT** and **PROFESSIONAL**. The driver was a **PERFECT ROLE MODEL**, in my humble opinion, of how to respond in a possible conflict, whether about bus policy or anything else for that matter. I will take their example with me, and try to **EMULATE** it every time possible. This bus driver is just **GREAT**. They go out of their way to be **HELPFUL** to their riders. We need more humans like them.

Route Book

March 20, 2021 - September 18, 2021

King County METRO

Moving forward together

Driver was **AMAZING** today. They made my feel **COMFORTABLE** riding during these uncertain times and I **APPRECIATE** them very much. Driver created safety and **GOOD MORALE** throughout. The driver today was simply **WONDERFUL**.

UNIFORM AND SHOE VENDORS

Uniform clothing may be purchased with an authorized uniform voucher at:
Don's Group Attire
5216 First Avenue S, Seattle WA 98108
(206) 767-0366
Monday-Friday 9 AM-5 PM
1st & 3rd Saturday of each month: 10 AM-2 PM
(Except during holidays; call to confirm hours.)

Uniform shoes may be purchased with an authorized uniform voucher at: *Red Wing Shoes*
(Various locations. Check poster at base for authorized contract locations and business hours.)

Rules of the Transit Operator Made Simple

Safety

- Obey traffic laws at all times.
- Read the road ahead.
- Expect the unexpected.
- Maintain correct following distance at all speeds.
- In turns: go deep, slow down to 3-5 mph, and square off most turns. Rock and roll to see around the pillar and other blind spots.
- Go slow enough so you can stop for an unexpected pedestrian.
- Brake and accelerate smoothly at all times.
- Be aware of traffic signals, school zones, and pedestrians.
- Do not allow customers to exit the coach in an intersection or a traffic lane if the coach's right side is not fully protected.
- Report accidents and injuries ASAP to the coordinator and fill out an accident report at the base before you leave.
- Document on-job injuries and know your responsibilities if you are injured.
- Keep your CDL and medical certification up-to-date and with you.
- Stay in your seat. Your radio is there to help you.
- Do not cover or disable security cameras.

Service

- Greet all boarding customers verbally and make eye contact. Set a positive tone.
- Answer questions. If you don't know, refer customers to 206-553-3000.
- State the fare only once and only if you feel it is safe to do so.
- Say goodbye to customers leaving the bus, create a positive relationship.
- Accommodate customers who do not have money to pay. Offer them a transfer if needed.
- Do not refuse service unless the customer is an immediate hazard to yourself or others.
- Do not touch, hit or push passengers.
- De-escalate conflicts; disengage from disagreements. Learn to "let it go".
- You are a peacekeeper, call for assistance when needed.
- Keep customers informed of any delays, reroutes or unexpected changes.
- Document security incidents.

Schedule

- Call in as soon as you know you will not be on time.
- Wear the appropriate uniform (look sharp!).
- Read the Operations Bulletins, Operations Policy Bulletins, Base Bulletins and Reroute board daily.
- Do your pre-trip inspection.
- Sign in, log on and leave the base on time with the correct coach.
- If you'll be late leaving, call the Transit Control Center (TCC) before your leave time.
- Do not arrive early to time points unless specified on your run card.
- Report any schedule that needs improvement on an Operator Service Facilities Report (OSFR).
- Do not hurry when late, drive safely.
- Check your coach at each layover and before returning to the base.
- Report suspicious persons or packages.

Good Judgment

- Prepare your bus for safe operation to please your customers and yourself.
- When using the radio, identify your route/run, location, direction, and tell them what you need. Be sure to answer all questions in a concise and professional manner. Review unusual events with your chief.
- File and get paid for paperwork as needed: For coach repair, poor schedules or any changes that could be made to increase safety and enhance service in the system.
- Have a shop steward assist you with paperwork; tell the truth in person and on forms.
- Cooperate with dispatchers, coordinators, service supervisors, chiefs, and any emergency responders. Follow direction given as long as it is safe to do so.

Safe Place Is a Program That Helps Get Youths (12-17 Years Old) Off the Street.

If a youth boards your bus asking for help, ask them "are you looking for a place to sleep tonight?" If they answer yes, please call the coordinator. The coordinator will ask you to get the youth's name and age, and will then give you directions on how to proceed. Reassure the youth that help is on the way. Youths boarding a coach to find a safe place do not need to pay a fare. Please fill out an incident report.

Comfort Station Information

Comfort station alerts contain additional information and can be found posted at base. These posts include items such as access codes, hours for individual buildings at the University of Washington and walking directions to locate comfort stations. A web map of comfort stations is available at MetroOperations.com. For questions or issues with comfort stations, contact the Comfort Station Coordinator, Ruthann Dunn, at Station.Comfort@KingCounty.Gov or 206-477-0347.

Changes to this Edition of the Route Book

Welcome to the March 2021 edition of the Route Book which includes changes from the March 2021 service change. Blank pages have been used to share advice from the Operators of the Month of 2020 and the cover features commendations that operators received during the COVID-19 pandemic.

In this edition, all CBD comfort stations can be found on the CBD map which is now located in the Comfort Station section along with the table of comfort stations. Previously, this map was in the Associated Maps section. Please reference the CBD map in its new location for all comfort stations in the CBD.

Stay safe out there, and thank you for your service.

Letter from the Acting Director of Bus Operations

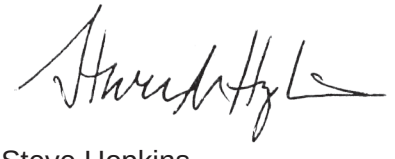

On a cold Saturday evening in December, I was seated in the back of a D Line coach as it made its way across the Ballard Bridge. When we arrived at the stop at NW Leary Way, a letter carrier from the US Postal Service boarded through the rear door and collapsed into his seat across the aisle from me. Exhausted, he took out his cell phone, placed a call, and said, “I’m on the bus now. I’m headed home.”

Stories like these repeat themselves thousands of times every day all across King County thanks to your work and the work of everyone at Metro. While operating conditions and safety procedures certainly changed significantly due to COVID-19, the purpose of our work remains unchanged and is more important than ever.

If you are a transit operator, **thank you** for the safe, reliable, and professional service you provide to our customers. If you are in a role that supports our operators, **thank you** for being there for them when your assistance and skills are needed. If you are in a less visible role, one that takes place more behind the scenes than on the front lines, **thank you** for being a vital part of our transit system that provides mobility to our community.

Thanks to all of you for sharing your time and talents to help our customers head home safely each day. You are an essential part of Metro.

Steve Hopkins
Acting Director, Bus Operations – King County Metro Transit

Bus Operations Mission Statement

Provide safe, dependable service.

Demonstrate courtesy and respect for customers, employees, and our community.

Promote teamwork, job satisfaction, dignity, and personal growth.

Letter from the Service Planning Supervisor

A year after COVID-19 emerged in our community and around the world, Metro is now on the path to recovery. With the knowledge we've gained during this time, we better understand that the return to more stability and restoration of Metro services will take longer than anticipated. It will likely be 2022 before we see service return to pre-COVID-19 levels, with many routes and services updated in response to how travel patterns and behavior are expected to change.

The March 2021 service change is the first step in Metro's service recovery, including a small but meaningful set of service restorations and changes to help match service levels to current customer demands. March 2021 will include:

- Added service on the A Line and Routes 2, 3, 4, 7, 10, 11, 13, 36, 49, 50, 60, 106, 128, 132, and 193
- Reduced service on peak commuter routes with ridership 80—90% less than before COVID-19, including the 21X, 55, 56, 102, 111, 212, 218, 301, and 311

Routes fully suspended from September 2020 will remain so at the March 2021 service change.

In 2021, Metro's service planning team is focused on identifying how to restore service as well as where to make reductions and reinvestments to meet our customers' diverse needs. Service recovery will also include raising the number of people allowed on the bus as ridership continues to increase. Service restoration will be planned using available data about ridership, crowding, productivity, social equity, and jobs. We are working closely with large employers on plans for the future of telework along with school districts, colleges and universities to understand when large-scale in-person learning is likely to resume. Finally, we will be reaching out to stakeholders in 2021 to help shape these efforts and would love to hear your perspectives on how service changes should be prioritized.

Thank you for your continued service and commitment to transit customers and our community.

Katie Chalmers

Service Planning Supervisor

206-477-5869

Major Route Changes

	No major route changes for this edition.

Minor Route Changes

113, 121, 122, 123	Southbound routing altered to use SR-99 instead of East Marginal Way S.
128	Routing and terminal at Southcenter changed. (Already a reroute.)
183	Southbound routing revised in Kent.

Route/Base Cross Reference List

Safety

Safe arrival is always more important than operating on scheduled time. It is the operator's responsibility to drive in a manner that anticipates accident producing situations, and take reasonable and prudent actions to avoid a collision or an incident. Operators are responsible for the riding safety of their customers during the entire ride. This includes boarding and alighting.

Under Ideal Conditions

Maintain a minimum of three feet between coach and stationary objects or other vehicles and position your coach slightly left in your lane. Check clearance in the right mirror when passing. When in doubt, leave more of a cushion on your right side. Increase your clearance when passing bicyclists. When entering and leaving zones, scan the area before entering. Be aware of poles, trees and the zone flag and how close they are to your path of travel.

Avoiding Pedestrian Accidents

Pedestrian awareness is a mandatory part of operating a transit coach. Exercise an abundance of caution, especially when making turns and in darkness or twilight hours. Scan the complete intersection and make a mental note of where the pedestrians are, check each corner for pedestrian activity and square your turns. Check each mirror before, during and after each turn. Keep your speed at 3-5 mph and rock and roll in your seat before and during each turn. Doing all of this slows you down and reduces the potential for a pedestrian to be hidden in a blind spot. Stop at least three feet back from the stop bar. This gives you a better view of the corners of the intersection and allows the pedestrians to safely walk in the crosswalk in front of you. Wait two seconds after the light turns green or the vehicle in front of you moves. Remembering pedestrians are often distracted and may not even know you are there is very important. Watch out for them.

Awareness Areas

A map of awareness areas, locations of frequent transit accidents, is on the following page. These awareness areas are also noted on the route page street directions of affected routes in a green box.

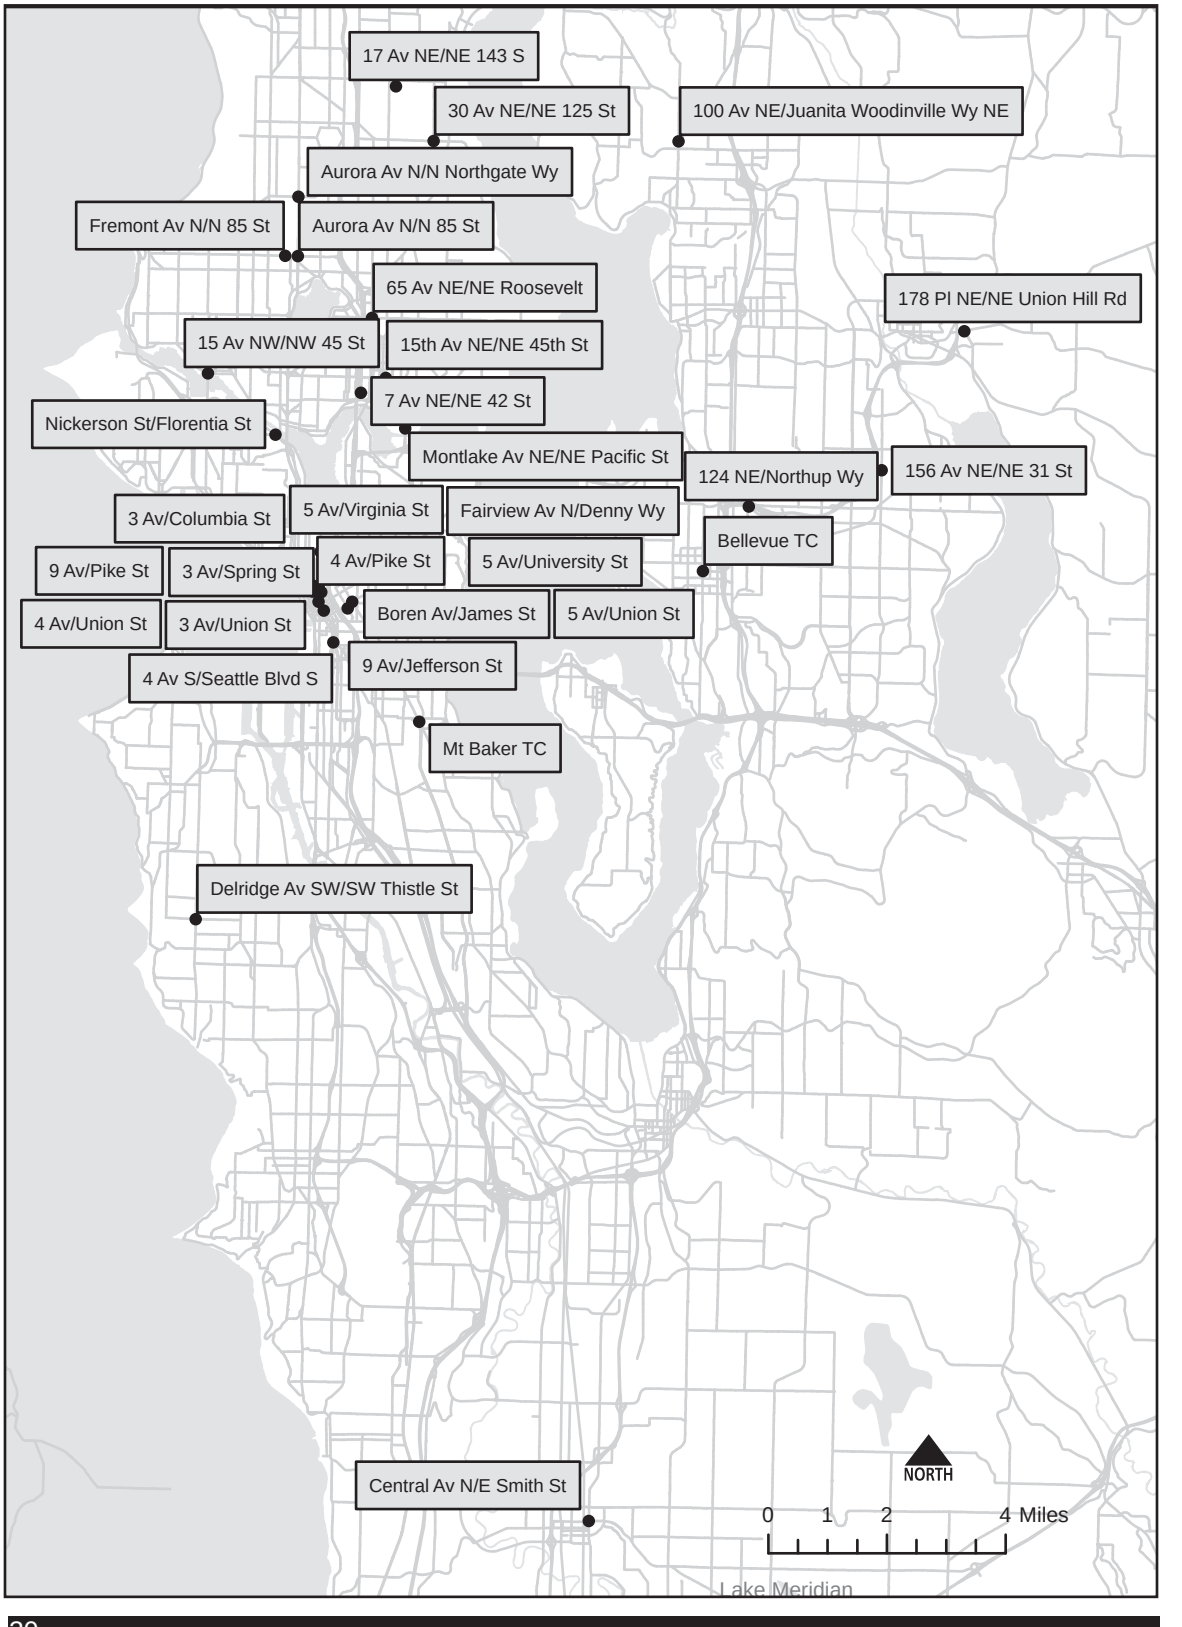

Pothole Reporting

To report potholes for

- Seattle, visit http://www.seattle.gov/transportation/potholereport.htm
- Unincorporated King County, call 206-296-8100

For other jurisdictions contact the associated city management.

Awareness Areas

Base Routes

This section lists the routes to be followed between various Layovers and Bases. Guidelines for use:

1. This section is arranged in alphabetical order by Base with the “From Base” routing followed by the “To Base” routing.
2. The first page of each Base contains a list of common routes that are printed in bold type. Each common route has a title, i.e., “Via S/B I-5,” which is referred to in the detailed Base routes.
3. The Base route headers are described by “on-street” first followed by “cross-street” second. For example, 6 Av S/S Atlantic St would indicate the coach was on 6 Av S and the nearest cross street was S Atlantic St.
4. The Base routes are listed in numerical then alphabetical order.

Example of usage: If you are scheduled to pull out of South Base and to deadhead to Convention Place Station Left Side Layover for the first timepoint on your run card, you should turn to the “From South Base” portion and look at the “Convention Place Station Left Side Layover” Base route. The fourth line, “Via N/B I-5” in bold type is a common route (listed at the front of the section, under “From South Base”) that takes you to N/B I-5. Follow the common route to N/B I-5, then follow the detailed route to Convention Place Station Left Side Layover.

Procedure for Congestion Reroutes:

If the operator believes traffic warrants the use of the reroute, but the coordinator has not yet ordered it, the operator may place a RTT to get permission from the coordinator. If the coordinator is unable to respond to your call in a timely fashion, operators may use these reroutes at their discretion, but you are REQUIRED to complete the notification to the coordinator that the reroute was used.

Routes 116/118/119

Express Stop Instructions

N/B Express

Make no stops between Fauntleroy Way SW/SW Oregon St & 4 Av S/ S Royal Brougham Way except at:

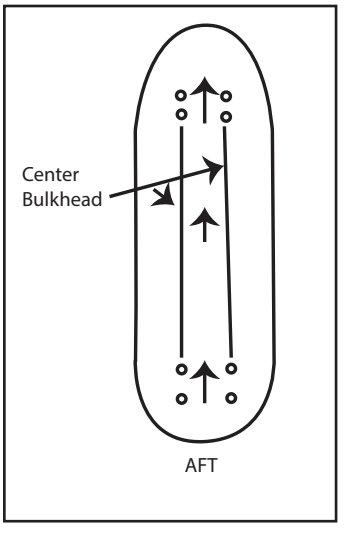

- 1 Av S/S Spokane St
- 1 Av S/S Lander St
- 1 Av S/S Atlantic St

S/B Express

Make no stops between 4 Av S/S Royal Brougham Way & Fauntleroy Way SW/ SW Oregon St except at:

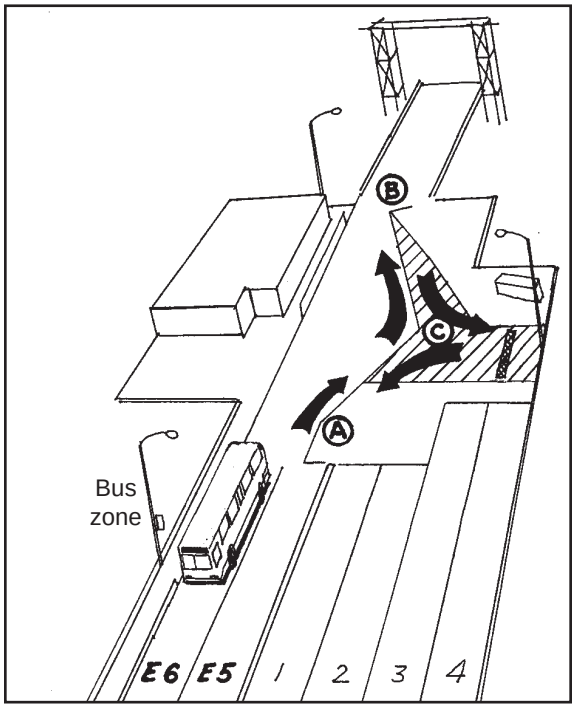

- 1 Av S/S Atlantic
- 1 Av S/S Lander St
- 1 Av S/S Hanford St

- 5 m.p.h. when loading on/off ferry.
- Follow loading directions of the state ferry personnel.
- Position coach (park) any place on the vessel except adjacent to the center bulkhead area where the doors of the coach cannot be opened. Coach passengers must be able to exit or enter the coach.
- Make sure both outside mirrors are positioned close to the sides of the coach, and operate with caution.
- When parked on ferry, wait for cars to fill adjacent lane before deboarding passengers - front door only. Use extreme caution when unloading customers.

Special Instructions

Do not leave base with a non-functioning reverse gear. Check before leaving base.

Route 116 a.m. Operation

State ferry personnel may assist backing coaches as available. If unable to complete backing maneuver due to blocking vehicles or traffic, contact dock personnel for assistance. Watch for Vashon Ferry from Fauntleroy Way SW/SW Cloverdale St. If the ferry is unloading, remain at this location until unloading is completed. Proceed to the ferry terminal and enter the dock via exit lane (5) when the lane is clear of traffic. If ferry is loading, hold at stop line "A" (see reference drawing). For the safety of coach passengers, deboard at this point only when directed by ferry personnel.

Dock Surface Warning

Prior to turning the steering wheel for any reason, be sure that the coach is in motion. Do not turn the steering wheel while stopped as it will cause serious damage to the asphalt.

Turnaround Instructions

Turnaround points are marked "A" through "C" on the reference drawing. They are to be used as guides for either the start of a turn to the next point or as a stop.

- Stop at "A".
- Proceed to "B" following the marker line, staying to the left of the line.
- Stop at "B".
- Proceed to back up to bar "C", tapping horn twice.
- Stop at bar "C". Be aware of railing at edge of dock.
- Load passengers using both doors and depart zone as soon as last passenger has boarded.

Operations with two Coaches on Dock

First coach: Turn around as per instruction for single coach. Pull up to the bus stop sign (second utility pole past the passenger waiting room). Upon securing coach at the head of the bus stop, driver of first coach directs second coach onto dock and helps second driver back up.

Second coach: Follow first coach onto ferry dock. Wait on south exit lane next to ticket booth until first coach is secured at head of bus zone. Upon direction of first driver, proceed on dock and back up as directed by first driver. Pull up behind first coach.

Route 116 p.m. Operation

Deboard passengers at the S/B zone on Fauntleroy Way, farside of ferry terminal entrance. Afternoon service does not operate on the dock.

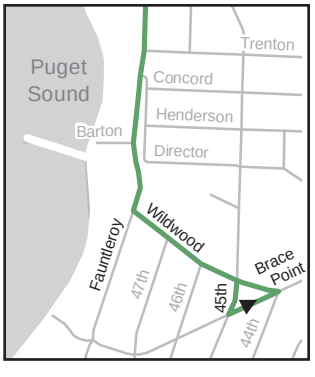

Routes 118 & 119 p.m. Operations

Pull down Lane E-5 at approximately 60' short of the terminal. Angle the front of the coach out of Lane E-5 so as to block both lanes E-5 and E-6 and protect the passengers from the auto traffic. Be sure to use 4-way flashers. Deboard passengers at this point then wait for instructions from the dock personnel to proceed onto the ferry.

If ferry is unloading, proceed beyond dock to bus zone, stop to deboard passengers, then proceed south on Fauntleroy Way and turn around via the following:

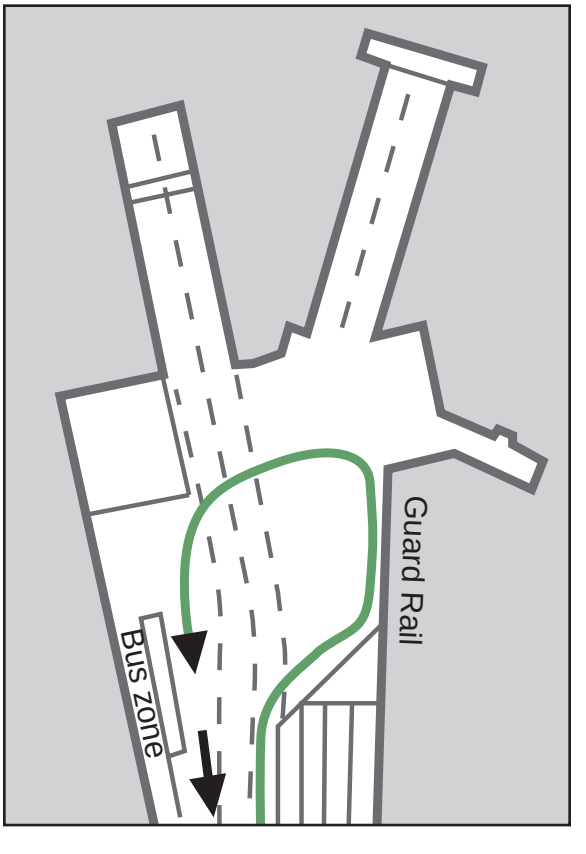

L SW Wildwood Pl
R 45 Av SW
L SW Brace Point Dr
L SW Wildwood Pl
R Fauntleroy Way (N/B)

Stop at curb prior to the bus zone opposite the dock. Wait until exiting traffic from ferry clears, then pull forward and turn left onto dock via lanes E-5 or E-6.

Vashon Ferry Terminal

- Under no circumstances should coaches scheduled to turn around on the dock let customers off the coach before completing the turn.
- If the ferry is already loading, coaches due to turn around on the dock must wait for all traffic to clear on their right side before making the turn, or wait for directions by the dock workers.
- Coaches scheduled to turn around on the dock, if the turn cannot be made without backing up, please wait for all ferry off loading traffic to clear before backing up to complete turn. If this situation should arise, customers may be off loaded in zone for customers with disabilities before backing up.
- Coaches scheduled to board ferry must pull along the right guard rail ahead of the ferry staging area. This allows coaches which turn around on the dock enough clearance. Do not let any customers off the coach until the coach is positioned along the guard rail (see illustration).

Route 116, 118 and 119 Fare Collection Procedures

Fare Collection Inbound

For Rides Between Vashon Island and the Puget Sound:

- Fares are collected when loading; use front door only for boarding.

For Rides Between Vashon Island and Downtown Seattle:

- Fares are collected when loading; issue a transfer as proof of fare paid by passengers when they get off the coach; use front door only.
- Passengers boarding at the Vashon Ferry Terminal pay as they leave; use both doors to load at the terminal.
- Use four-way flashers when unloading customers in the CBD.

For Rides Between the Fauntleroy Dock (Puget Sound) and Downtown Seattle:

- Fares and transfers are collected when passengers leave; use front door only.
- Use four-way flashers when unloading customers in the CBD.

Fare Collection Outbound

Vashon Ferry Terminal:

- Fares are collected when loading; use front door only for boarding.
- All passengers *except* those with a precluding disability may be required to exit the coach on the dock and pay WSF fares at the terminal.
- A WSF employee will board the coach and check all remaining passengers for verification of WSF fares.
- Passengers are not allowed to re-board until the coach is driven onto the boat and the autos are finished loading.
- Passengers are not allowed to board the coach at the Fauntleroy Terminal, but they may board once the boat is loaded. Fare is due when entering the coach.

Flag Stops:
Make flag stops only along portions of the route that do not have posted bus zones at regularly spaced intervals. Flag stops should be made only where it is safe to stop, preferably at the far side of an intersection. Flag stops along state roadways are allowed only if the coach can be completely pulled off the traveled portion of the roadway.

"Work together with coworkers, learn all you can about this job, and make some friends. They will last a lifetime."

Arsene Gardner
Ryerson Base
Operator of the Month
March 2020

"Never take anything personal. You were hired to drive and be professional, your day will go much smoother and less stressful."

Sheila Jackson
South Base
Operator of the Month
March 2020

"Try to give positive energy to your riders, as this will help each rider leave with a positive attitude. Just have your personality 'pay it forward'"

James Blakey
Atlantic Base
Operator of the Month
April 2020

"Always welcome passengers with a smile and a good morning".

William Fisher
East Base
Operator of the Month
April 2020

"Never depend on the other drivers on the road to drive safely. Trust your instincts. Drive defensively."

Doug Floether
Ryerson Base
Operator of the Month
April 2020

"Have fun! Be nice! And if any bad vibes enter the bus, open up the driver's side window and let them out! Because it is not worth it!"

Spencer Nesbitt
North Base
Operator of the Month
April 2020

Procedure for Use of SR-520/I-405 Reroute:
If the operator believes traffic warrants the use of the reroute, but the coordinator has not yet ordered it, the operator may place a RTT to get permission from the coordinator. If the coordinator is unable to respond to your call in a timely fashion, the operator may use these reroutes at their discretion, but is required to complete the notification of the coordinator that the reroute was used.

Procedure for Use of the 520/I-405 Reroute:
If the operator believes traffic warrants the use of the reroute, but the coordinator has not yet ordered it, the operator may place a RTT to get permission from the coordinator. If the coordinator is unable to respond to your call in a timely fashion, the operator may use these reroutes at their discretion, but is REQUIRED to complete the notification of the coordinator that the reroute was used.

"Keep your body functional and strong. Hemoglobin carries oxygen to the organs and tissues, and returns carbon dioxide to the lungs. That process is vital and essential to the body, just like operators provide the essential process of moving people throughout the system. We keep the city moving, functional and strong. You are appreciated."

Martha Daniels
Central Base
Operator of the Month
November 2020

"Have a proactive plan for ego depletion (Wikipedia), everything else will fall into place."

Thomas Smart
Atlantic Base
Operator of the Month
November 2020

"Keep track of all the players; just because you are using your turn signal doesn't always mean they know your intentions."

Timothy Kelly

Procedure for Use of SR-520/I-405 Reroute:
If the operator believes traffic warrants the use of the reroute, but the coordinator has not yet ordered it, the operator may place a RTT to get permission from the coordinator. If the coordinator is unable to respond to your call in a timely fashion, the operator may use these reroutes at their discretion, but is required to complete the notification of the coordinator that the reroute was used.

Comfort Station Information

Comfort station alerts contain additional information and can be found posted at base. These posts include items such as access codes, hours for individual buildings at the University of Washington and walking directions to locate comfort stations. A web map of comfort stations is available at MetroOperations.com. For questions or issues with comfort stations, contact the Comfort Station Coordinator, Ruthann Dunn, at station.comfort@kingcounty.gov or 206-477-0347.

Central Business District (CBD)

The Central Business District (CBD) is the area bordered by S. Jackson Street, I-5, Denny Way and the waterfront.

Safety Stops

You are required to follow the safety stop instructions described on the individual route pages or on service adjustments. Safety stops may apply to base routes, deadhead routes, or special routes. You must determine if any portion of your route is affected by a safety stop. When no specific location is identified in the *Route Book*, the safety stop can be made at the first available zone. For all safety stops with a defined location, the safety stop must be made at that location.

At locations where 90 lbs of air pressure is required, make a complete stop. Do not proceed with less than 90 lbs pressure. Call the coordinator.

The safety stops are as follows:

- All transit facilities stop bars and crosswalks: Make a stop at all stop bars, crosswalks and check area; proceed with caution.
- NE 135 St at far side 93 Av NE, (before crest of hill), eastbound on Route 225: test brakes and check air pressure for a minimum of 90 lbs.
- E Galer St at Grandview Pl E on Route 10: Make a stop and check for oncoming traffic; proceed with caution.
- James St at 5 Av, westbound: Test brakes and check air pressure for a minimum of 90 lbs.
- James St at 9 Av, westbound: Test brakes and check air pressure for a minimum
- of 90 lbs.
- Jefferson St at 9 Av, westbound: Test brakes and check air pressure for a minimum of 90 lbs.
- Madison St at 6 Av, westbound Route 12: Test brakes and check air pressure for a minimum of 90 lbs.
- Queen Anne Av N and W Highland Dr, southbound on Routes 2, 13, & 29; test brakes and check air pressure for a minimum of 90 lbs in the zone nearside on W Highland Dr.
- Seneca St at 6 Av, westbound: Test brakes and check air pressure for a minimum 90 lbs.

Slow Orders

You are required to follow the slow order instructions described on the individual route pages or on service adjustments. Slow orders apply to base routes, deadhead routes or special routes, even though only regular service routes are listed below. You must determine if any portion of your route is affected by a slow order and operate according to the reduced speed limit established for that location.

The Slow Orders Are as Follows:

- I-5 express lanes northbound; Coaches exiting at the NE 42 St off-ramp must not exceed 20 mph. Deceleration must begin at or before the crest of the I-5 freeway bridge; the coach must not be exceeding 20 mph when the front of the coach passes the speed limit sign for Routes 63, 64, 74, 76, 316 and 355.
- I-5 express lanes southbound; For coaches traveling in the inside HOV lane, speed limit is 40 mph from the Mercer St off-ramp to the approach to the tunnel exiting onto 5 Av at Cherry Street for Routes 303, 304 and 355.
- 3 Av W between W Smith St & W Fulton St; 20 mph or less on Routes 3, 4, 13 & 29.
- 3 Av NE between NE 130 St & NE 135 St; 20 mph or less on Routes 980, 982, 986, 987, 988, 989, 992, 994 & 995.

- SE 4 St between Union Av SE & Chelan Av SE; 15 mph or less on Route 114.
- 24 Av NW between NW 92 St & NW Neptune Pl; 20 mph or less on Route 18 Express.
- 24 Av S between S Dearborn St & S Norman St; 15 mph or less on Route 4.
- 26 Av SW between SW Barton St & SW Roxbury St; 20 mph or less on Routes 21, 22, 120, & 673.
- 30 Av W/31 Av W between W Tilden St & W Jameson St; 15 mph or less on Route 24.
- 32 Av NW north of NW 85 St (Golden Gardens Dr NW, View Av NW, Loyal Av NW); 20 mph or less on Route 17 Express.
- 34 Av at E Howell St to E Denny Way at 36 Av; 10 mph or less on Route 2 trolley.
- 38 Av NE between NE 85 St & NE 86 St; 15 mph or less on Route 71.
- NE 86 St between 38 Av NE & 35 Av NE; 15 mph or less on Route 71.
- NE 55 St between 35 Av NE & 40 Av NE; 20 mph or less on Routes 65 & 74.
- 55 Av NE between NE 70 St & NE 65 St; 10 mph or less on Routes 71 (SB only) & 76 (SB only).
- 57 Av S between Rainier Av S & Waters Av S; 5 mph or less for all trolleys on Route 7.
- Between Woodlawn Av NE/NE 65 St & N 56 St/Meridian Ave N; 20 mph or less on Route 62.
- 64 Av S between nearside S Cooper St & nearside Waters Av S; 10 mph on wet pavement on Route 7.
- NE 65 St between 35 Av NE & 40 Av NE; 20 mph or less on Routes 62, 71 & 76.
- NE 87 St/7 Av at 112 Av NE; 10 mph or less over dip in the road on Route 893.
- S 116 St at 1 Av S; 10 mph or less on Route 128.
- 119 Av SE between SE 48 St & SE 60 St; 20 mph or less on Routes 114 & 240.
- N 143 St between Greenwood Av N & Linden Av N; 20 mph or less on Route 28 Express.
- N 160 St eastbound from crosswalk nearside Dayton Av N to crosswalk farside Dayton Av N; 5 mph or less on Route 330.
- S 208/212 St westbound between 98 Pl S & 91 Pl S; 25 mph or less on Route 157.
- SW 325 St/SW 327 St between 35 Av SW & 26 Av SW; 15 mph or less on Route 187.
- SW Admiral Way westbound between 59 Av SW & 63 Av SW; 20 mph or less on Route 56.
- Beach Dr SW between 48 Av SW & SW Shore Pl St; 15 mph or less on Routes 37, 53.
- NE Bothell Way on eastbound bus lane between Ballinger Way NE & 61 Avenue NE; 30 mph or less. Routes 309 Express, 312 Express 331, 342, 372 Express & 522 Express.
- Condon Way W between W Howe St & W McGraw St; 15 mph or less on Route 31.
- First Av and Second Av, Black Diamond, between First Av/Baker St and Second Av/ Lawson St; 15 mph or less on Route 143.
- W Fulton St between 8 Av W & 10 Av W; 15 mph or less on Route 1.
- Grandview Pl E between E Galer St & E Garfield St; 10 mph or less on Route 10.
- James St westbound between 9 Av & 3 Av; 10 mph on dry pavement and 5 mph on wet pavement on Routes 3, 4, 193 and eastbound between 4 Av & 6 Av: 10 mph on Routes 3, 4, 13 and 303.
- Kirkwood Pl N between N 56 St & Meridian Av N: 20 mph or less on Route 62.
- Lake Dell Av and E Alder St between 32 Av & Lake Washington Blvd; 10 mph or less on Route 27.

- W Laurel Dr NE/E Laurel Dr NE from NE 45 St & 52 Av NE to E Laurel Dr NE and 54 Av NE; 10 mph or less on Route 995.
- Madison St westbound between 6 Av & 1 Av; 10 mph on dry pavement and 5 mph on wet pavement on Route 12.
- Marine View Dr between SW 106 St & 35 Av SW; 20 mph or less on Route 21X.
- NOAA 10 mph or less on all roadways in NOAA except NE NOAA Dr for Route 62.
- NE Northgate Way eastbound between 24 Av NE & NE Lake City Way; 20 mph or less on Route 75.
- Queen Anne Av N southbound between W Highland Dr & W Roy St; 10 mph on dry pavement and 5 mph on wet pavement on Routes 2, 13 & 29.
- Rainier Av S between S Court St & S Andover St; 25 mph for all trolleys on Route 7.
- Rainier Av S at S Walden St; 20 mph or less southbound for all trolleys on Route 7.
- Seneca St at 6 Av, westbound: Test brakes and check air pressure for a minimum of 90 lbs.
- Seneca St westbound between 4 Av & 3 Av; 10 mph on dry pavement and 5 mph on wet pavement on Route 2.
- SW Roxbury St between 31 Av SW and 35 Av SW; 15 mph or less on Routes 21, 22, and 673 (C Line).
- Taylor Av N between 1700 block & Howe St; 10 mph or less on Routes 3 and 4.
- Thackeray Pl NE between NE 42 St & NE 50 St; 20 mph or less on Route 26 Express.
- W Viewmont Way W at W Dravus St; 20 mph or less on W Viewmont Way between W Armour St & W Bertona St, both directions, on Route 24.
- SW Windmill St between 99 Av SW & 97 Av SW; 15 mph or less on Route 119.
- Both directions at the Evergreen Point and Yarrow Point (92nd Av NE) Freeway Stations; 30 mph or less when entering platform area on Routes 167, 252, 255, 257, 268, 311, 541, 542, 545, 555, 556, 982 and 986.
- E/B Columbia St 5 mph when crossing 1 Av and 2 Av on Routes 21x, 55, 56, 57, 113, 120, 121, 122, 123, 125, and 673.
- W/B Columbia St 10 mph (5 mph on wet pavement) or less on Columbia St between 3 Av and 1 Av on Routes 21x, 37, 55, 56, 57, 113, 120, 121, 122, 123, 125, and 673.
- S/B on 55 Av NE between NE 75 St and NE 65 St 10 mph on Route 995.

Special Lane Operations

State law prohibits large vehicles from the left lane on limited access highways with three lanes or more in one direction. There are exemptions that benefit the way Metro provides service.

- HOV lanes are not considered the left lane of a roadway.
- On I-90 between Exit #2A and Exit #10 you may continue to operate in the left lane as you prepare to enter the HOV lane.
- On the I-5 corridor between the I-405 interchange at Southcenter and the I-405 interchange just beyond Alderwood Mall is exempt, including express lanes.

When operating outside these exempted areas, buses may not operate in the third lane or beyond except to enter a left side HOV lane.

Bus/Carpool Lane, I-5:

- North of NE Northgate Way, peak-hours only, coaches entering or exiting the express

lanes are to continue through in the bus/carpool lane (southbound a.m., northbound p.m.). Do not use this lane in the off-peak direction. Coaches coming from regular lanes of I-5 may use bus/carpool lane during peak hours (southbound a.m., northbound p.m.).

- South of Mercer Street on the southbound express lanes, when instructed to exit at 5 Avenue and Columbia Street, operate in the bus/carpool lane.
- Northbound, south of Seneca Street, coaches are to use bus/carpool lanes and may remain in the left lane.
- Southbound, south of Seneca Street, coaches are to use the bus/carpool lane. This procedure is optional for coaches routed off the freeway at the Kent/Des Moines exit.
- During off-peak hours or upon reaching the end of a bus/carpool lane during peak hours, (except as outlined above) coaches are to operate in the right two lanes of I-5.

Bus/Carpool Lane, I-405:

The “bus/carpool” lane, on I-405 between Coal Creek Parkway and Sunset Boulevard, may be used at all times.

Metered Freeway on Ramps:

Many freeways have special split entrance metered on-ramps with one portion for single occupancy vehicles and one for high occupancy vehicles. When an HOV lane is provided, always use the HOV portion of the on-ramp.

Bus/Carpool Lane, I-90

The I-90 HOV Lane (W/B) now extends to 80 Avenue NE Bus/Carpool off-ramp.

Bus/Carpool Lane, SR-520

Headlights must be on and variable speed limits observed while in this lane. Use extra caution and reduce speed when traffic is slow and heavy, as traffic may “jump” into your lane unexpectedly.
Do not pass coaches at Yarrow Point or Evergreen Point stations.

SR-522, “Transit Only” Lanes

Between Lake City Way and Kenmore, operate in “Buses/Transit Only” lane.

- Lane is restricted to transit 24/7.
- Speed limit is as posted.
- Lane use is permitted at business access delineated by skipped striping and at intersections as a right turn lane.
- Slow order of 30 mph eastbound bus lane on NE Bothell Way between Ballinger Way NE and 61 Avenue NE.

Bus/Carpool Lane, Aurora Avenue N

The “bus/carpool” lane, northbound on Aurora Avenue N between N 115 Street and N 145 Street, may be used at all times.

Interbay BAT Lanes

The following are guidelines for utilizing the Interbay BAT (Business Access & Transit) lanes along both Elliott Avenue W and 15 Avenue W:

- Bikes are allowed in the lane per traffic laws and buses should pass bikes with care.
- Right-turning cars share the lane with buses.
- Express and deadheading buses may pass stopped locals but generally are encouraged to use the BAT lanes.
- Cars are allowed to park in the lanes in many locations during non-peak hours.
- Northbound buses may operate straight through the Galer Street flyover intersection only when the center vehicle signal is a green ball. The right turn arrow signal is for right turning traffic only.

Flyer Stops and Freeway Station Speed Limit:

Coach speed in all flyer stops and freeway stations is not to exceed 30 mph.

Skip Stop Operation in the CBD

The CBD is the area bordered by S. Jackson Street, I-5, Denny Way and the waterfront. (See CBD map in Associated Maps section.)
Coaches traveling on 2nd, 3rd or 4th Avenues shall adhere to the following guidelines to insure smooth traffic flow during skip stop operations in the CBD.

- Coaches that are not traveling in the curb lane may pass a coach servicing a zone not serviced by the passing coach. When passing, tap the horn twice to alert the other driver of the passing maneuver.
- Coaches that are not traveling in the curb lane shall yield to coaches attempting to pull out of a zone, allowing them to safely get back into traffic. The yielding coach may then pull into the bus lane and continue to their zone.
- If there is a coach in each lane of traffic at a red light, when the light turns green the coach in the #2 lane shall yield to the coach in the curb lane.
- On 3rd Avenue, do not pass a trolley which is slowing down for special work.

4th Avenue Island Stop at 4 Avenue/S Jackson Street

The stop is used by coaches traveling N/B on 4th Avenue S continuing to 3rd Avenue S.

SODO Busway Speed Limit

25 mph or less on SODO busway between S Royal Brougham Way and S Holgate St both directions.

Bellevue Transit Center

- 10 mph or less inside Bellevue Transit Center.
- Yield to pedestrians at all times.
- No boarding when coach is more than one bus width away from loading curb, unless the coach next to curb is disabled and blocking.
- Do not make second stop in bay to pick up or drop off passengers.
- If you layover for time, activate the 4-way flashers.

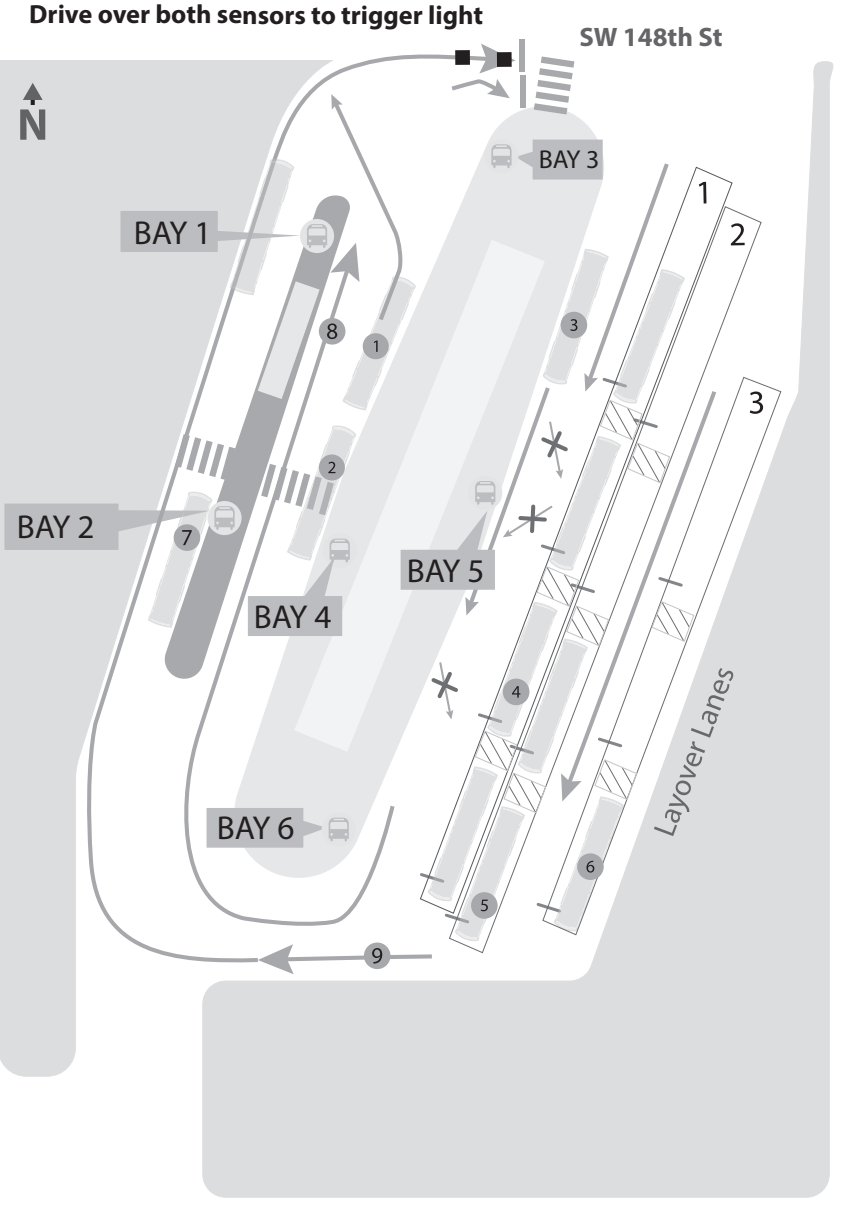

- Coaches in right lane always yield to coaches in left lane.
- When exiting, move front of coach over sensor area to trigger blue light and activate green signal light.
- Use left lane when exiting (except if serving Bays 6 or 11).
- After serving your designated lane, move to left lane (except if serving Bays 6 or 11).
- Relief cars are not allowed in the transit center. Park in City of Bellevue parking garage.

Transit Center/Park-and-Ride Speed Limit

Coach speed limit in all transit centers and park-and-ride lots is not to exceed 10 mph.

Burien Transit Center

1. The first bus follow line to pull up and trigger the light sensor.
2. Second bus will pull forward and hold, but do not cross until first bus leaves.
3. Pull forward to Zone, do not park from this location- make the loop.
4. Pull up to the line and park. Stay to the right in lane. Use orange marker to align to center of door.
5. Pull up to the line and park. Stay to the right in lane. Use orange marker to align to center of door.
6. Pull up to the line and park. Stay to the **LEFT** in lane. Use orange marker to align to center of door.
7. Rts. 166 & 180 yield to coaches exiting via SW 148th.
8. Thru lane traffic yield to coaches exiting via 148th.
9. F-Line Coaches Layover lanes 2 & 3 only continue clockwise to Bay#6

Metro Transit Summary of Fare Rates

Adult Fare:	
Ages 19 to 64	$2.75
ORCA LIFT reduced fare	$1.50
ORCA/Transit Go Day Pass	$8.00
Youth/Student Fare (ages 6-18)**:**	
All zones at all times	$1.50
ORCA/Transit Go Day Pass	$4.00
Child Aged 5 and Under:	
Four children per paying adult.	Ride Free
Each additional child pays Student/Youth fare.	$1.50
Animals	
(See *The Book* for further information.)	
Non-service dogs occupying a bus seat are charged the same fare as the customer unless they ride on the owner's lap. Other animals in containers or carriers are charged the same fare as the customer if the container or carrier occupies a seat.	$2.75
Service animals for persons with disabilities ride free.	Ride Free
Other animals are not charged a fare.	Ride Free
Regional Reduced Fare Permit (RRFP):	
Cardholders	$1.00
Personal Care Attendant RRFP (PCA RRFP) - Attendant	Ride Free
ACCESS	$1.75
Vanpool (Metro Monthly Vanpool/Transit Pass - not Valid on Sound Transit Service)	$2.75
Custom Bus Service	
Cash fare	$5.25
Subcontracted Service	
Charged as regular service	Comparable Fare

Fares

Sound Transit Express Bus Fares

Fare Type	One-County Fare (Within One County)
Adult	$3.25
Youth	$1.50
Senior/Disabled*	$1.00
ORCA LIFT reduced fare	$1.50

** Requires Regional Reduced Fare Permit.*

Please note that ST Link Light Rail and Sounder trains have unique fare structures.

Community Transit Summary of Fare Rates

Fare Type	Local/ Swift BRT	*Commuter	DART Paratransit
Adult (19-64)	$2.50	$4.25	$2.50
Youth	$1.75	$3.00	$2.50
Reduced Fare	$1.25	$2.00	$2.50

** Applies on all 400 & 800 series routes.*

Pierce Transit Summary of Fare Rates

Fare Type	Local	All-Day Pass
Adult	$2.00	$5.00
Youth	$1.00	$2.50
Discounted Fare*	$1.00	$2.50

** To be eligible for Discounted Fare, passenger must be a senior, have a disability or be a Medicare Card holder (RRFP card required). Must show Regional Reduced Fare Permit.*

Fares

Introduction

Customers must pay exact cash fare, present a valid paper transfer or ticket, or tap an ORCA card loaded with value. Riders with an RRFP printed on an ORCA or non-ORCA card can present the permit and pay the reduced fare in cash without tapping.
Routes 116/118/119 fare collection procedures have special instructions. Please refer to the Route 118 route pages for specific information.

Fare Collection and Loading Procedures

Fare Collection and Door Operation

With the exception of RapidRide, inbound Vashon service, and the designated off board fare collection area in the CBD, Metro buses operate on a pay-on-entry system.

- Use the front door for loading passengers.
- Riders are encouraged to exit through the back door whenever possible; this speeds up boarding.
  - Anyone may exit through the front door.

Rear Door Procedures

- Open the rear door whenever passengers are waiting at the rear door to exit. This applies both to day and night service. (Note: The Night Stop Program uses front door only operation for stops made outside of posted bus zones.)
- Carefully monitor the interior passenger mirror for customers moving toward the rear door to disembark. Open the rear door to allow them to exit.
- Check the interior rear stairwell mirror to ensure that the rear doorway area is clear before closing the rear door. Watch the rear door fully close to ensure that no one is trapped in the door.
- Should an intending passenger board through the rear door, play the appropriate Public Service Announcement (PSA) or use the PA system once only to remind the passenger of the fare payment procedure. Do not get into a fare dispute. (See *The Book* for additional infromation).

Fauntleroy and Vashon Ferry

For terminal and service trips on routes 116, 118 and 119, see corresponding route pages for description and details.

Adult Fare

Customers who are 19 years and older are charged $2.75 or $1.50 with an ORCA/LIFT reduced fare card on all regular Metro Service. Senior citizens and customers with disabilities who show a valid Regional Reduced Fare Permit (RRFP) pay a reduced fare.

Child Fare

Up to four children age five and under may ride free when accompanied by a responsible person paying an adult fare. Additional children must pay a youth fare.

Youth Fare

Persons age six through 18 and persons over 18 who receive student passes from public school districts pay $1.50 on all regular Metro service, with the privilege of transfer.

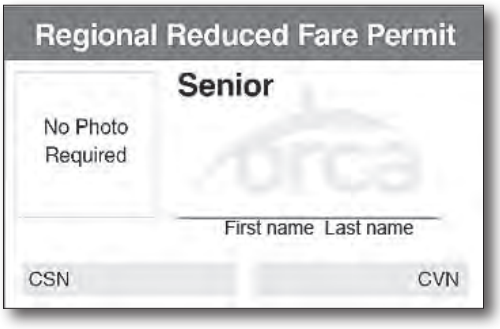

Off Board Fare Collection Locations in Downtown Seattle

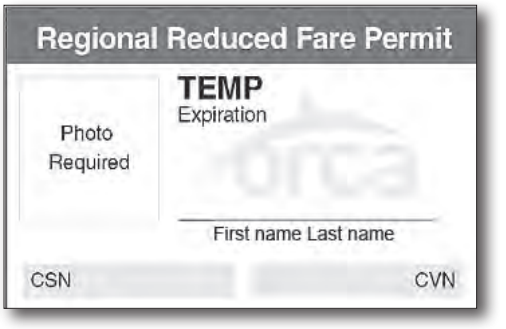

Regional Reduced Fare Permit (RRFP) and Personal Care Attendant Permit (PCA RRFP)

ORCA RRFP

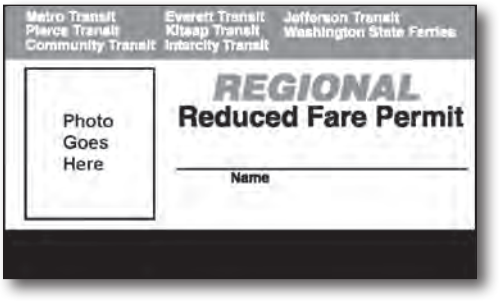

Metro, along with several Puget Sound area transportation agencies, offers a “Regional Reduced Fare Permit (RRFP)” to eligible senior citizens and customers with disabilities. The permit allows a customer to ride at a reduced rate.

- Customers with temporary disabilities may be issued a temporary RRFP valid for up to five years depending on documentation submitted.
- Customers using ORCA RRFPs pay reduced fare by tapping the card if there is E-purse or a monthly pass loaded on the card. Customers that want to pay cash do not tap the card and simply show the driver the card to verify it is a valid RRFP.

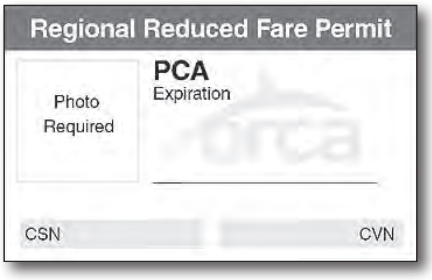

RRFP -Old Style

Both ORCA RRFPs and old style RRFPs are in circulation.

- Customers using old style RRFPs must pay with cash or a Metro ticket at the farebox. A paper transfer is issued, if requested.
  - Old style RRFPs are accepted on all regular and Custom Bus Metro routes.
- Qualifications for the permit are as follows:
  - Persons 65 or older.
  - Medicare card holders.
  - Persons who meet specific disability eligibility criteria. (Contact Metro Customer Service for further information.)
- RRFPs (all types) are available at the Customer Service Office (CSO) in the King Street Center.
- Customers may exchange a valid old style RRFP for an ORCA RRFP at no cost.

PCA RRFP

Some RRFP customers may require an attendant to travel with them due to a disability. Customers who require an attendant may apply for a Personal Care Attendant Regional Reduced Fare Permit (PCA RRFP). “PCA” will be printed on the face of the card for both “old style” and ORCA card RRFP passes.

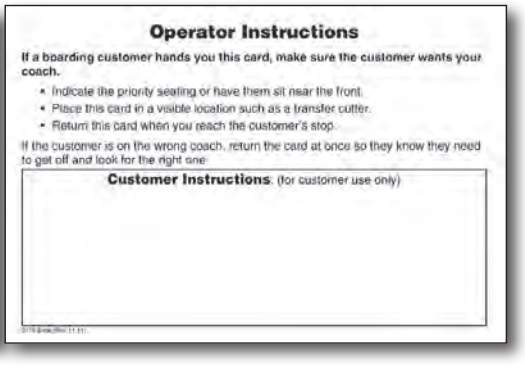

- A single card is issued only to the RRFP customer. Either the RRFP customer or the attendant may carry the one PCA RRFP.
- The PCA RRFP customer pays their $1.00 fare with cash, a Metro ticket valued at or above $1.00, ORCA E-Purse funds, or an ORCA PugetPass.
- The attendant is not charged a fare.
- Riders with a PCA RRFP are not required to have an attendant with them.

Old style PCA RRFP display a photo of the customer with the disability, have “PCA” printed in green, and an expiration date printed on the card face.

- Temporary permits expire on the last day of the month indicated.
- Older permits have a green “A,” “A86” or “A87” on the front. They are still valid.

Special Assistance Cards

These cards are a training tool to help people with limited English proficiency as they learn to ride transit. Please follow the Operator Instructions on the card.

Fares for Animals

Service animals for persons with disabilities always ride free. See *The Book 2019,* for further information.

Non-service are charged the same fare as the customer unless they ride on the owner's lap. Other animals in containers or carriers are charged the same fare as the customer if the container or carrier occupies a seat.

- A rider with an RFFP pays only a reduced fare for a dog that is a pet.
- Transfers are to be issued on request and accepted as fare.

Please refer to *The Book* for additional instructions regarding animals on the coach.

Special Event Service

Premium fares are charged for service to certain special events. A Driver Alert will notify you in advance of any such service.

- Only the special fare and round trip transfer are to be accepted unless otherwise stated.
- ORCA Card is not accepted as Special Event fare.
- Use fare pre-set F5 $9.99 for this service. Press the 8 key to register cash fares.

Custom Bus Service

Custom Bus Service is a premium fare service providing direct, point-to-point bus routing, usually for large employment centers. Use fare pre-set F5 $9.99 for this service. Press the 8 key to register cash fares.

Subscribers to Custom Bus Service use an ORCA card loaded with a monthly PugetPass equivalent in value to the single cash fare assigned to the route. The cash fare for the route is indicated on the run card.

If a pass value is an amount less than the single cash fare for the route, the customer must pay the difference.

- This applies to customers using a transfer and all types of passes.
- An ORCA card loaded with *Business Passport* (including Husky card or King County employee ID/ORCA card), a RRFP with valid fare media and a Ride Free ticket are all accepted for a ride on any Custom Bus route without the payment of additional fare.
- A customer with a RRFP without valid fare media may ride by paying $1.00.
- Transfers are to be issued upon request.

Subcontracted Service

Subcontracted service fares are the same as regular service fares. Transfers issued by subcontracted service operators are regular Metro transfers and are accepted on all regular Metro service only, including Custom Bus service.

ORCA Card

ORCA uses smart card technology to automatically account for different fares and transfers on Community Transit (CT), Everett Transit (ET), King County Metro Transit (KCM), Kitsap Transit (KT), Pierce Transit (PT), Sound Transit (ST) and the Washington State Ferries (WSF). Customers can load transportation value on a personal ORCA card online, over the phone, by mail, at participating retail and ORCA Customer Service locations, or at ticket vending machines on ST rail station platforms and selected KCM transit centers. A customer with a registered ORCA card can also use the autoload option, a recurring fund transfer from a customer credit card for current pass or E-purse value.

- The ORCA card can only be used by tapping on the ORCA card reader and cannot be used as a flash pass (except RRFP's as explained above).
- If a registered card is lost or stolen, it can be reported to the ORCA Customer Service Office. Contact the office online, or a customer service agent will assist the customer by phone (206-553-3000) or in-person at a Customer Service Office to replace the card and restore the lost value, subject to the ORCA Terms of Use.

E-Purse Transfers

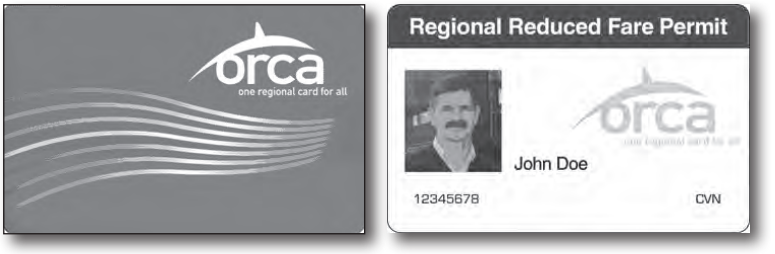

Transfers with ORCA E-purse are encoded on the customer's ORCA card at the time of payment. The transfer window is valid for two hours from time of payment and "XFER" will be displayed on the ORCA card reader when the card is tapped and the transfer window is valid. There is no display on the DDU when a valid transfer is recognized by the ORCA card reader.

ORCA Cards with a PugetPass

PugetPass is a product offered to ORCA card holders, allowing them to load a monthly pass, in varying face value, onto the ORCA card. When an ORCA card loaded with a PugetPass is tapped on the ORCA card reader, it will accept the card up to the fare value of the PugetPass. If the fare value of the PugetPass is less than the current fare, the ORCA system will either take the balance from the E-purse, if there is balance on the card (appearing as "Pass + $0.25" on the DDU for example), or an alert will display on both the ORCA card reader and DDU stating the balance due (e.g., "Owe $.25").

- If an ORCA card holder with a PugetPass pays a cash upgrade and requests a transfer, issue a Metro paper transfer for full fare. The transfer is good on all Metro service only.
- A monthly PugetPass loaded on an ORCA card may be used by a person other than the owner, but can be used by only one customer per trip.
- The pass is valid for a one calendar month period.
- The pass is not valid prior to the first day of the effective pass month.
- The pass is available in multiple fare values ranging in value from $.50 to $10.00.

ORCA Card Access Pass

Metro Monthly Access passes are purchased as an electronic pass on an ORCA card. The Access pass can be loaded to either a standard or Regional Reduced Fare Permit card with any passenger type (Adult, Youth, Disabled, low income or Senior).

- The customer taps the card against the ORCA card reader on fixed route buses or trains like any other ORCA card. The customer cannot tap the card on an Access van and does not need to present the ORCA card to an Access van driver.
- An Access pass is valid for full fare payment on King County Access vans, all regular Metro service, King County Water Taxi, South Lake Union streetcar, First Hill streetcar, Custom Bus service, ST Express, Link light rail, Sounder commuter rail and Seattle Monorail.

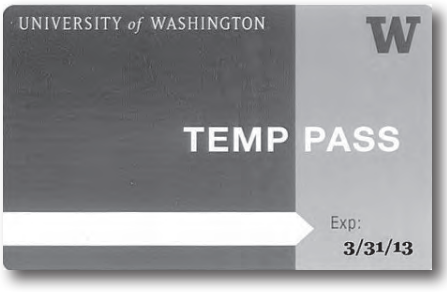

Husky ORCA Card

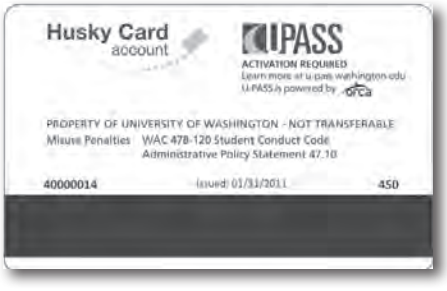

The Husky Card is issued to University of Washington faculty, staff and students. This pass contains the ORCA card smart chip and has “U-PASS is powered by ORCA” printed on the back. The card face is purple with the UW logo. The customer taps the card on the ORCA card reader.

- Upon activation the Husky Card, loaded with *Business Passport*, is valid for full fare on all regular Metro and Sound Transit bus service, custom bus, South Lake Union streetcar, First Hill streetcar, Sounder commuter rail, Link light rail, King County Water Taxi and Seattle Monorail. The Husky Card is valid on Access with preapproval from Accessible Services.
- This pass in not valid on Metro Special Event Services, such as Husky service, the Puyallup Fair, etc.

UW Temporary Husky ORCA Card

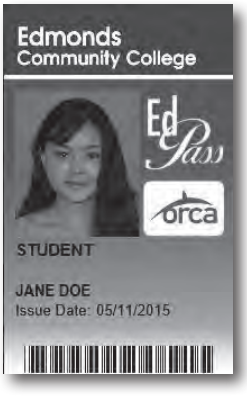

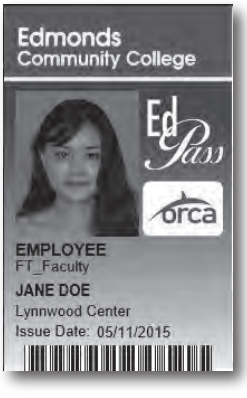

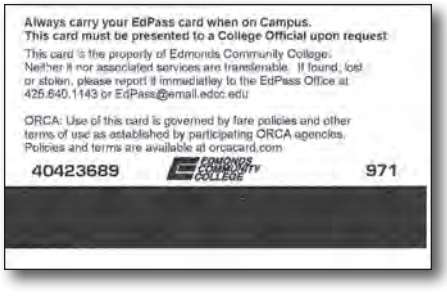

Issued each quarter with the applicable expiration date noted on the face of the pass;

- Upon activation, the temporary Husky card is valid for full fare on all regular Metro and Sound Transit bus service, custom bus, Sounder commuter rail, South Lake Union streetcar, First Hill streetcar, Link light rail, King County Water Taxi and Seattle Monorail. The Husky Card is valid on Access with preapproval from Accessible Services.
- This pass in not valid on Metro Special Event Services, such as Husky service, the Puyallup Fair, etc.

Edmonds Community College ORCA

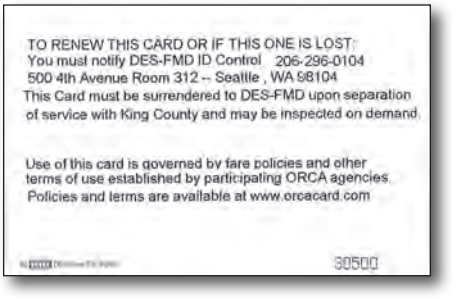

The Edmonds Community College ORCA “Campus Cards” are loaded with a Community Transit pass by the college, but card holders can register their card and load additional product on it to enable them to ride on Metro or Sound Transit. This is a legitimate ORCA card.

- Treat it like you would any other ORCA card.
- The DDU will display the appropriate message based on whether they have loaded additional product enabling the customer to ride on Metro or Sound Transit.

King County Employee ID/ORCA

The ID/ORCA card is valid fare on regular Metro, ST Express, Pierce Transit, Everett Transit, Kitsap Transit and Community Transit bus services, Link light rail, South Lake Union streetcar, First Hill streetcar, Seattle Monorail, Sounder commuter rail, Rail Plus partnership with Amtrak, King County Water Taxi and Kitsap Transit Fast Ferries. To pay fare tap the ORCA card to the
on-board reader.

- The employee ID/ORCA is not valid on Metro Special Event Services, such as Husky service.
- ID/ORCA will be required for access to the Metro Employee Parking Garage, King Street Center and Central and Atlantic base.
- When using ST Sounder or Link light rail, remember to tap prior to boarding and tap again after exiting.

Lost, stolen or non-functioning ID/ORCA cards can be replaced at the King County Administration Building, ID and Access Control, Room 312, 500 4th Avenue in Seattle. There is a $25 fee for lost cards. There is no charge for a stolen ID/ORCA card with an attending police report of theft, or for replacement of non-functioning cards.
Please avoid punching holes in or altering the new ID/ORCA to fit a lanyard. The card contains an antenna. If you cut, scratch, bend or punch a hole in the card you will damage the antenna and your ORCA card will not function properly. If you have further questions, please visit www.kingcounty.gov/ETP.

Transit Go Ticket

Metro customers may now purchase fare on their mobile devices using the Transit Go Ticket application. Customers will use this application displayed on their device as a flash pass. Transfers allowed for Transit GO Tickets are only between Metro buses, the same as cash transfers. Intersystem transfers are not allowed. Sound Transit Regional Express tickets are valid only on ST Regional Express service.

Metro Day Passes

Metro day passes are available and valid until 5:00 a.m. on the next day of service. The ticket specifies that it is a day pass and the 5:00 a.m expiration is shown on the bottom of the ticket screen. The tickets follow the transfer color, letter, and has the moving background like regular single ride tickets. Transfers are only allowed to other Metro fixed route service and Community Connections service. The day pass is not valid on Access service.

Access Single Ride Ticket

Access single ride tickets are available for Access eligible customers only and can be used on regular service buses.

Service Supervisor Employee Pass and Transit Security ID Card

All service supervisors carry a King County employee ID/ORCA card. They also carry an ID card issued by Transit Security. Supervisors have special authority to assist in emergencies when presenting appropriate identification. Their instructions must be followed by all operators.

Police Officers

All police officers employed by law enforcement agencies in King County can ride free, at any time, by showing their police badge or police identification card.

Retired Employee Passes

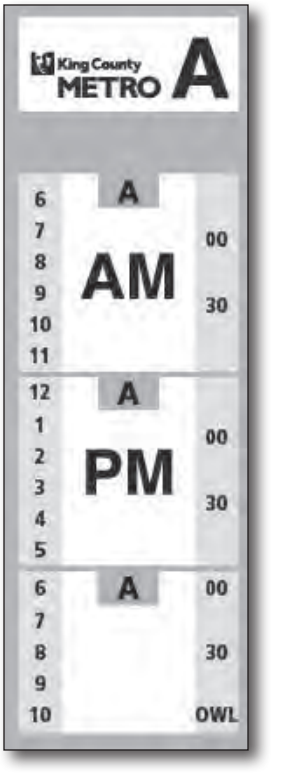

The Metro Retired Employee pass has an orange or red strip and displays a photo of the employee (see pass sample images). Retired employee passes do not carry a date sticker.

- This pass allows retired Metro employees to ride all Metro Transit routes in regular service only. The pass is *not valid* on other agencies including Pierce, Kitsap, Everett, Community, Sound Transit or the King County Water Taxi.
- They can be used only by the employee whose photo is on the pass.
- Employee passes are not valid on Custom Bus or Special Event Services.

Transfers

Transfers allow customers to transfer to other regular Metro routes. They are identified by the letter and color of the day and are valid only on the day of issue (see Owl punched transfers for exception). They are not transferable to other customers.

- Punch transfers only as needed.

Non-Punched Transfers

Turn non-punched transfers in at the base window to be reused in another cycle. Do not discard non-punched transfers as they have monetary value.

- If you have extra punched transfers, tear them in half before discarding in a Metro recycling bin or box.

Time Allowed

A transfer is valid as long as the customer boards the coach before the transfer expires. This applies even if the transfer expires en route. On all routes, operators are to allow the headway time (time between coaches of the route) in addition to the expiration time on the transfer. A maximum of three hours is to be allowed.

- Inbound: cut to expire for one hour and thirty (1:30) to one hour and fifty-nine (1:59) minutes from the scheduled arrival time at Pike, Pine or Union streets.
- Outbound: cut to expire for one hour and thirty (1:30) to one hour and fifty-nine (1:59) minutes from the scheduled arrival time at the outbound terminal.
- Non-CBD routes: cut to expire for one hour and thirty (1:30) to one hour and fifty-nine (1:59) minutes from the scheduled arrival time at the terminal.
- Shuttle Routes: cut according to the inbound or outbound instructions. This applies to routes that normally provide service to downtown Seattle but at night are shuttles. On other shuttle routes use the “Non-CBD routes” instructions.

AM and PM Sections on a Transfer

Transfers that expire from the start of the service day and before noon are cut in the “A.M.” portion and transfers which expire at noon and through 10:30 p.m. are cut in the “P.M.” portion.

- When cutting a transfer to indicate the expiration time, do not cross over either of the two bold lines. Any transfer that is cut over the line is not valid.

Owl Punch

Transfers that expire after 10:30 p.m. are issued whole with the word OWL punched. A transfer punched OWL is valid on the first trip over a route in either direction at the beginning of the next service day.

- On Custom Bus service, an OWL punched transfer is good only on the first trip of the day.

ORCA Cards and Owl Transfers

ORCA users are entitled to an Owl transfer on trips on which cash customers are entitled to an Owl transfer. Owl transfers are good for all Owl service and the first trip on any route the next day.

- An ORCA transfer window is only two hours. When you give ORCA card users an Owl transfer remind them not to tap the card reader again that night. Otherwise they will be charged another fare after the two-hour ORCA transfer window has expired.

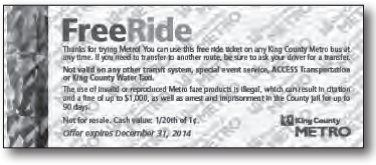

Issuing Transfers to Pass Holders

Issue Metro transfers to customers using a pass with a fare value that is less than the trip fare and who are paying a cash upgrade. Punch the transfer in the “Peak” and “Zone Exempt” boxes as appropriate.

Tickets

Free Ride Tickets

Free Ride Tickets are issued by Metro to promote ridership. Each ticket is valid for one trip with no zone or time restrictions on regular Metro service or Custom Bus service.

- A transfer is issued, if requested.
- They are not valid on special service.

Ticket Books

Ticket books are no longer sold to individual customers, however they are still available for purchase to qualifying Human Service agencies at both the full fare & discounted rates. The tickets are still accepted and are equivalent to a cash fare. When placed in the farebox, tickets will register based on their size.

- Tickets can be used only on regular Metro service, Metro-operated ST Express service, Access vans, and Custom Bus service.
- “Old” style tickets are grandfathered in at the value printed on the ticket (i.e. a $1.00 ticket will have a fare value of $1.00 toward current fare). Because of ticket size variation these “old” style tickets may or may not register in the farebox as full fare.

Sound Transit Express Service (ST Express)

All existing Metro Transit policies apply to Sound Transit Express service operated by Metro except animals boarding a ST Express coach, with the exception of service animals, must be in a container.

Sound Transit (Metro Operated) Accepted Fare Media

The following fare media are valid on ST Express service operated by Metro:

- ORCA card (including Husky & Ed Card)
- King County employee ID/ORCA Card
- Cash or Metro tickets
- Juror ticket (fare value)
- ST Day Pass (bus and all service)
- Metro Free ride ticket (one way)
- ST Free ride ticket (one way)
- Metro Field Trip Voucher
- Transit Go Ticket
- Non-ORCA Reduced Fare Permit

Registering Fares on the Farebox

Sound Transit farebox data keys 3, 4, 5, 7, and 9 operate exactly the same as those on Metro fareboxes.

Ramp Operation

Introduction

The purpose of this section is to provide you with ramp operation procedures. If for any reason you are unable to board or deboard a customer using the ramp, call the coordinator with a PRTT and remain in the zone until you are informed of what action will be taken and you, in turn, inform the customer.

Ramp Operation

The maximum ramp slope usually encountered by persons using mobility devices is 8% to 12%. Federal regulations allow ramps on buses to be twice that steep and therefore require that drivers provide assistance to manual wheelchair users having difficulty negotiating the ramp slope. At zones with a curb of six inches or less, the ramp angle may exceed 8% to 12%, even if the bus is kneeled. If requested, assist riders in manual wheelchairs up the ramp. To minimize chance of injury, only provide as much assistance as needed.
In deboarding the coach, especially if the customer's footrests are near the ground, it will be safer for both you and the rider to back down the ramp. As you start down the ramp, make sure the rear wheels as well as the casters are on the ramp.
You are not required to offer physical assistance to customers with powered mobility aids. Offer verbal instructions as appropriate. If you choose to offer help, do not make any attempt to lift the mobility device.

Ramp Boarding Procedures

1. Activate the four-way flashers.
2. Kneel the coach in most situations unless there is a very high curb, such as the Transit Tunnel.
3. Set the parking brake.
4. Put the coach in neutral.
5. Deploy the ramp.
6. If the customer is in a manual wheelchair, ask if he or she will be able to manage the slope. If not, leave the coach and assist the customer onto the coach as described above.

Troubleshooting

If the ramp fails to deploy or stow, it is designed to be operated manually. Simply lift the ramp by the tab attached to the corner (remember to bend from the knees). When the ramp goes just past its vertical point, let go. The ramp will 'float' the rest of the way by itself.

Troubleshooting – Orion

If the ramp fails to deploy or stow, you can still operate it manually. Using your "T" key to open the smaller storage compartment over the right front wheel well, locate the large metal ramp key attached by a cable and Velcro. Use the ramp key to lift the silver metal release bar at the leftmost corner of the ramp (corner nearest the passenger area). Place the hook in the slot and release the latch. The ramp can now be manually deployed as per instructions above.

Troubleshooting – Xcelsior Coaches

Press on the rivet that is closest to the door on the piece where it looks like you put the key. That part will pop up and there will be a ring you can put your finger through and pull the ramp up.

"If you are getting into accidents, request driver re-training sooner than later, you will be glad you did."

South Base
Operator of the Month
December 2020

Troubleshooting

Introduction

The purpose of this section is to familiarize you with the procedures to follow in case of mechanical trouble while on the road. It will tell you what information you should have when calling the coordinator about a problem and perhaps allow you to diagnose some minor problems yourself. However, when using these guidelines, always use extreme caution and never risk your safety or the safety of your passengers. If you are unsure of any procedure included in this section, call the coordinator.

Two-Way Radio

The need for a functioning radio is essential when operating a coach.

- If, during the pre-trip inspection prior to leaving the base, the radio is not operating correctly, contact the TCC with a PRTT. Use a neighboring coach radio, if necessary.
- If a radio failure occurs on the road contact the TCC by using another coach radio or by calling 206-684-1111 or 206-684-1705. These numbers should not be given out to the public.

Accessible Equipment

Tie-downs

If the retractable seatbelts or securement belts jam or if the accessible device is tight against the rear seat barrier and tie down cannot be released:

- Push button at bottom of retractor boot to release locking mechanism.

Lift

If the lift will not deploy at all:

- Recheck all lift operation procedures.
- Ensure transmission or electric drive is in neutral and the parking brake is set.
- Power to UP/DOWN switch is through the STOW switches; check to be sure STOW switches aren't sticking.
- Be sure that the air pressure for the front door is on and that the door is fully open.
- Check for physical damage to the lift mechanism.

If the lift only partially deploys:

- If, during initial deployment, the operator decides to re-stow, the lift may have "settled" and will need to be deployed completely and then stowed.
- If the lift is almost completely out and then stops, there may be an object (rock, etc.) jammed in the track. Bring the lift back in and check the tracks on each side.

If the lift will not stow:

- Be sure both STOW switches are pressed.
- If lift is down, cycle up, then STOW.
- If lift is up, cycle down, then STOW.
- If the lift is almost stowed and sticks, it may have sagged and can be jiggled up into the track so it can be stowed completely.

Safety Gate

If the safety gate will not drop down:

- Be sure to hold the DOWN switch at least four seconds after the lift is on the ground.
- Do not jump on the gate or platform as this can cause damage.

If the safety gate doesn't rise:

- The gate should come up as soon as any function switch is pressed. If not, it could be a mechanical, hydraulic or electrical malfunction.
- For safety, it is important that the gate functions properly.

Ramp

There are two types of ramps. One uses a strap and the other uses a hook to deploy.

- On coaches using a strap, if the ramp fails to deploy or stow, it is designed to be operated manually. Simply lift the ramp by the tab attached to the corner (remember to bend from the knees). When the ramp goes just past its vertical point, let go. The ramp will float the rest of the way by itself.
- On coaches using a hook, use your "T" key to open the smaller storage compartment over the right front wheel well, locate the large metal ramp key attached by a cable and velcro. Use the ramp key to lift the metal release bar at the left most corner of the ramp (corner nearest the passenger area). Place the hook in the slot and release the latch. If the ramp gets stuck partially deployed, it is likely the bus is too close to the curb. Do not force it open, doing so will damage the ramp. Instead, stow the ramp and move the bus at least four inches from the curb.

Battery/No Charge Light Comes on

When the battery warning light illuminates it is an indication the alternator is not charging.

- If not charging, secure the coach.
- Shut off the engine.
- Call the coordinator.

Bell

Doesn't Ring

- Be sure the switch is on.
- Recycle by opening and closing the door.

Check the cords where they connect into the small terminal boxes. They are located behind the front and rear doors and behind the driver compartment. The cord may be stuck at one of those points.

- Free it by pushing the shaft on the cord back into the terminal box.
- If the bell doesn't ring when pulled but rings when you open the front door, the switch may be stuck.
- Check the cords at their terminal boxes.

If the bell still doesn't work, call the coordinator and explain what you have done.

Brake Problems

Slack Brakes or Brakes that Grab

- Call the coordinator.

Hot Brakes (Brakes Dragging)

If your brakes are exceptionally hot (smoking), park the coach in a safe location and call the coordinator.

- Call the coordinator for any other hot brake problem.

Brakes Locked

- Check to see that the rear door is completely closed.
- Be sure the fast idle switch is off.
- If you have the assistance of another operator, safely back the coach a few feet. This may release the brakes.
- Call the coordinator and explain what you have done.

Noise from Brakes (Grinding, Clunking or Squealing)

- Call the coordinator and describe the noise.

Directional Signals

Determine which is malfunctioning, the outside signals or the indicator on the dash board.

- Do this by parking the coach in a safe location, set the parking brake and put the transmission in neutral. Turn on your four-way flashers and check the lights from outside the coach.
- Call the coordinator and explain what you discovered.

Doors

If the Front Door Won't Close

- Be sure the air to the doors is turned on. The valve/toggle is located near the driver's left leg.
- Open and close the doors manually.
- Shut off the engine and restart.
- Cycle the lift or ramp.

If you are still unable to close the door, call the coordinator.

If the Rear Door is Inoperative

Park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Check the interlock toggle switch located in the front compartment (above driver's seat) or side console to see that it is on.
- Check the air valve above the rear door to see that it is on.
- Check for obstructions in the door.
- Jiggle the doors; this may release them if they're stuck.

If you continue to experience trouble with the rear door, call the coordinator.

If Both Doors are Inoperative

- Check for adequate air pressure.
- Check to see that the air to the doors is turned on.
- Newer coaches have a unique computer system affecting the doors. In addition to above, recycle the coach and check for door obstructions.

If problems persist, call the coordinator.

Downed Wire

The following procedures have been established for all situations involving downed wire.

- Stop the coach immediately and notify the coordinator of the problem.
- Do not attempt to handle or touch the downed wire. All downed wire should be considered hazardous.

- Unless a fire occurs, everyone is to remain on the coach until a line crew arrives to remove the wires.
- In the event of a fire on the coach, jump clear of the vehicle.

Remember, do not touch the coach after stepping onto the street.

Hot Engine

If a hot engine warning light illuminates and/or the temperature gauge registers 210 degrees or higher, this indicates the engine or power unit (trolley) is overheated. Park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Check for visible coolant leaks.
- Shut the engine off and call the coordinator.
- If your coach continues to overheat, call the coordinator.

Use the service brake when stopping on hills. Only use the hill-holder momentarily while applying the accelerator to begin moving up hill.

- Do not hold a trolley coach with the power pedal as it will cause overheating in the chopper unit.
- Do not hold a diesel coach with the power pedal as it may cause the engine and transmission to overheat.

Fuel Leak

Park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Try to determine the location of the leak.
- Call the coordinator.

Fumes in Coach

Diesel, exhaust and electrical

- Call the coordinator.

Heater or Defroster

If there is no heat, but your blowers are working, check the position of the heat control.
If the blowers aren't working, check to see that the switches are on.

- Check that there is not a "no" charge light, that the alternator is charging.
- Check to see that the front fresh air vents are closed.
- Call the coordinator and explain what you have done.

Hot Coach Emergency Procedures (Trolley)

See *The Book*.

Lights

Headlights

If either one or both headlights are out, call the coordinator.

Tail Lights

If your tail lights are out, call the coordinator.

Headlights and Tail Lights

If both headlights and tail lights are out, park the coach in a safe location, set the parking

brake and put the transmission in neutral.

- Turn on the emergency flashers.
- Turn the run control switch off and on.
- Activate the dimmer switch a couple times.
- Call the coordinator and explain what you have done and what were the results.

Low Air

If the low air warning buzzer sounds or if the air gauge reading registers less than 80 psi, park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Check for audible leaks in the brake system by holding the brake pedal all the way down and listening for a continuous draining of air while watching for a drop of pressure on the air pressure gauge.
- If there is no obvious air leakage, attempt to rebuild the pressure by moderately increasing the engine speed.
- If the air pressure remains low, call the coordinator and explain what you have done.

Low Oil

A low oil warning light illuminates and/or the buzzer sounds. Park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Check the reading on the dash oil gauge and turn the engine off.
- Check the engine compartment for leaks and check the oil level.
- Call the coordinator and explain what you did.

Mirrors

If a mirror is broken or if the arm is bent to the point that you feel it is unsafe, call the coordinator.

Steering Malfunctions

Park the coach in a safe location, set the parking brake and put the transmission in neutral.

- Check the front tires for low air and call the coordinator.
- Call the coordinator for any steering problems.

Suspension

If your coach is “riding low” or leaning badly, call the coordinator.

- The coordinator may or may not direct you to continue on route if your tires are not rubbing the wheel well. Be cautious and drive slowly.
- If the tires are rubbing, park the coach in a safe location and call the coordinator.

Tires

Never drive a coach with a low or flat tire. Driving on an improperly inflated tire will overheat the tire and may cause a fire.
Park the coach in a safe location, set the parking brake and put the transmission in neutral.

Flat Tire

Call the coordinator and explain which tire is flat and if it is on or off the rim of the wheel.

Low Tire

Call the coordinator and report which tire is low and if it is leaking.

Loose Tread

If a section of tread has come off, if tread is slapping against the wheel well, or if the tire cord is showing call the coordinator.

Throttle

No Throttle Response

- Turn off the master switch, count to 5 and turn it back on. Slowly depress and release the throttle pedal fully 3 times.
- Start the engine; if the throttle is still not present notify the coordinator.

Transmission

Transmission Slipping

Park your coach in a safe location, set the parking brake, put the transmission in neutral and leave the engine running.

- Check the transmission fluid level in the engine compartment.
- Call the coordinator and report the fluid level.

Trolley Coaches

No-Con Audible Alarm (Trolley Coaches) and/or Low 700V (Purple LCD Screen)

It is normal for some dash lights and an audible beep to come on briefly when operating through a dead spot. However, in other instances when the no-con audible alarm (usually accompanied by the Low 700V Purple LCD Screen) comes on you must stop at once. You may have lost your poles. You may also see De-Wired LCD screen. Failure to stop could cause damage to the overhead.

- Check to see that the poles are on live wire.
- Check to see that the coach will move under its own power.
- Call the coordinator if you use ESS.

Intermittent Power/Coach Jerking (Trolley Coaches) Stop System Indicator (Red), Check System Indicator (Yellow) or No Gen Indicator (Red Battery +/-).

- Visually check the shunt wires (if a closer inspection is needed rack poles). If you observe a broken shunt wire, call the Coordinator.
- If you have the Yellow Check System Indicator for more than 30 seconds, park in a safe location and call the coordinator.
- If you have the Red Stop System Indicator, immediately move the vehicle to a safe location, shut down the system and call the coordinator.
- If you have the Red No Gen Indicator (Red Battery with +/- symbols on the dash cluster) and it remains illuminated, do not operate the vehicle. Call the coordinator.

Windshield Wiper

If one of your wipers gets stuck, turn the wiper knob off and back on.

- If it remains stuck, park the coach in a safe location, set the parking brake, put the transmission in neutral and try to free the arm by very gently pulling it back and forth. Be careful not to get your fingers in a pinch condition.

- If you are unable to make your wipers work again, call the coordinator and explain what you have done.
- Call the coordinator for other wiper problems such as bad wiper blades, broken wiper arm or wiper arm loose on the shaft.

Write a work order for the coach when you return to the base or ask your relief operator to write a work order on the coach.

Farebox

If coins jam in the coin mechanism, press [0] key and slowly, repeatedly press the black de-jam button to allow the stuck coins to fall through. The de-jam button causes the throat of the coin mechanism to widen slightly while the [0] key activates the coin mechanism itself.

- If the jam remains after your efforts to clear it, call the coordinator who may ask you to put the farebox into bypass by pressing down on the bypass lever.
- If the bill transport becomes jammed, call the coordinator immediately.

Driver Display Unit (DDU): On Board Systems (OBS) and ORCA

The following procedures may assist you in resolving common problems in operating the DDU.

- Change Trip Manually:
  Press **Options** , press **Change Trip** , select trip from list, press **OK**.
- Set the Position Manually:
  Press **Options** , press **Manual Positioning** , select position from list, press **OK**.
- Change Destination Sign Manually:
  Press **Options** , press **Change Destination Sign** , input sign code, press **OK**.
- Switching Radio Mode Manually:
  Press **Options** , press **Change Radio Mode** , radio will change mode, press **OK**.
- Operator Log OFF for Coach Change & Return to Base:
  Press **Options** , press **Change Route/Run** , enter '**0**' and **OK**.
- Muting External Speakers:
  Press **Audio Settings** , press **Mute Exterior Announcements .**
- Single Fare Override:
  Press **Fares** , press **Fare Override** . After card is tapped, DDU will automatically return to default fareset.
- Group Fares:
  Press **Fares** , press **Group Fares** , press **Passenger Types**  to add passenger numbers to group fare, press OK and request that the customer tap their card.
- Fare Reversal:
  Press **Fares** , press **Reverse Last Transaction** , request that the customer tap their card again.

Transign Electronic Information Display Codes

Transign codes for each numbered route are listed on individual routes pages. The following is a list of transign codes for signage that are not associated with a particular route.
When OBS fails to display correct signage, use Delta ABC on the DDU or it using Transign keypad:

- Select either Dest A or Dest B or both, if operating more than one route.
- Enter corresponding routing code from the Route Book.
- Press enter.
